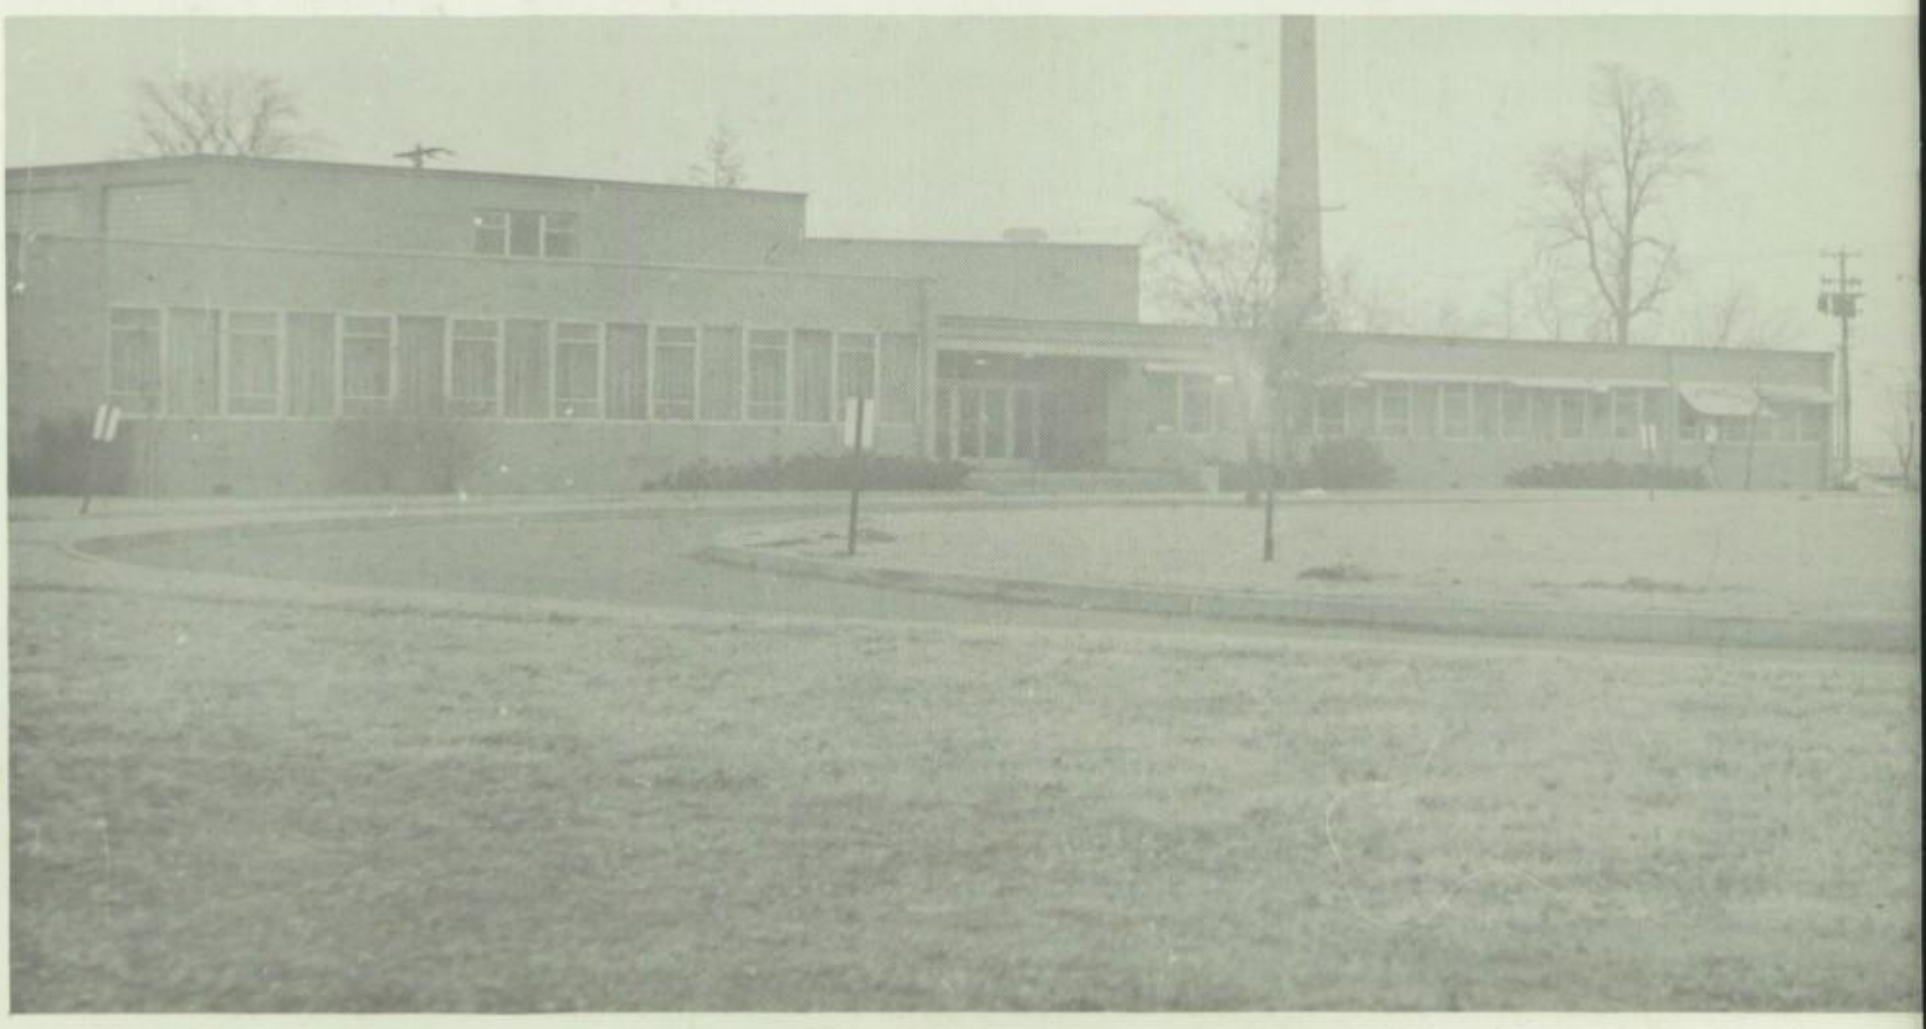
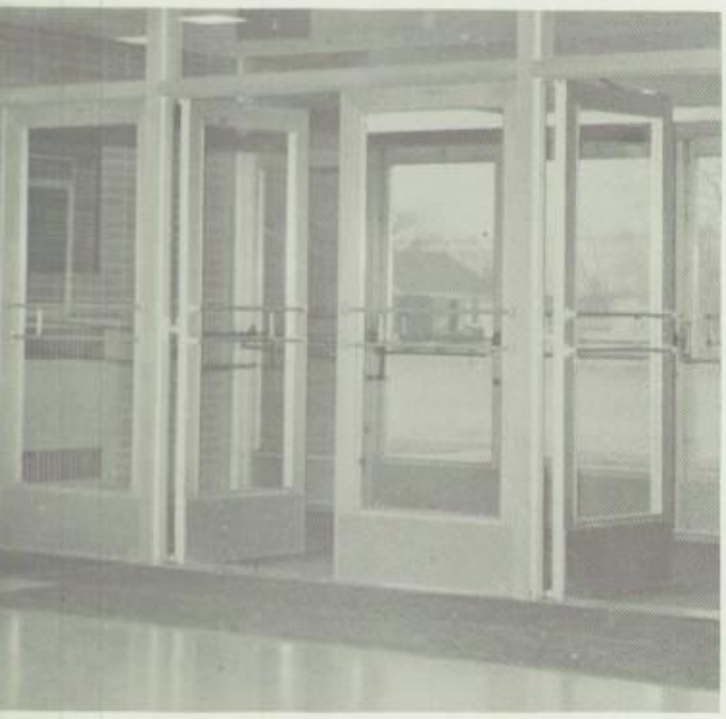
SENIOR HIGH SCHOOL

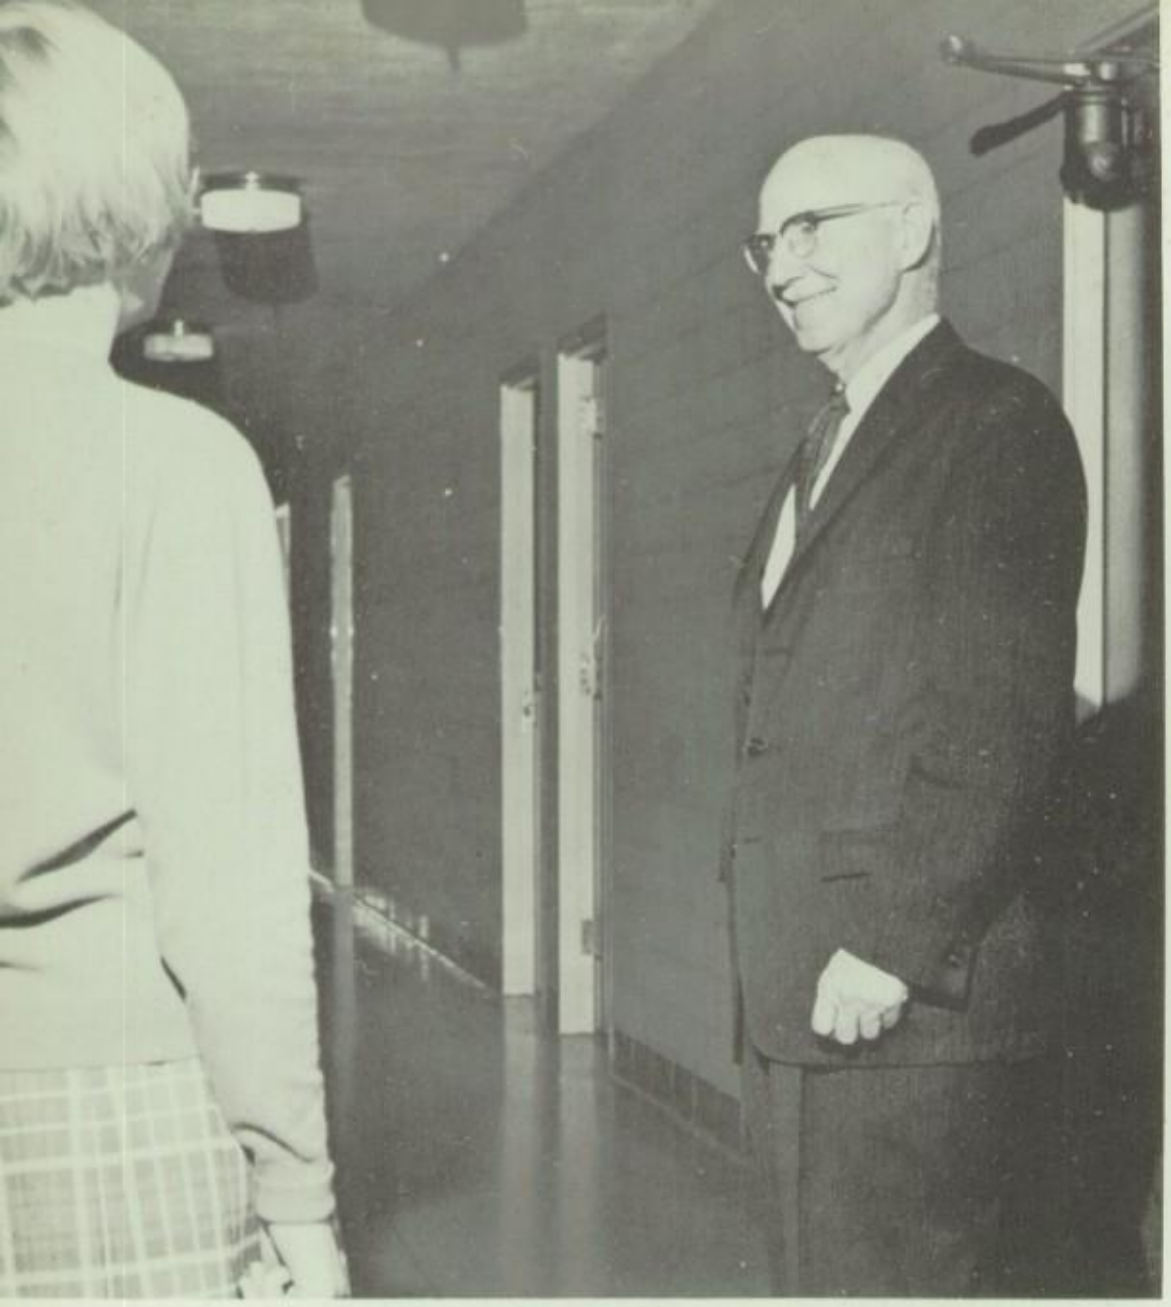




In football, there is a goalpost looming far above each player as he stands at the center line to begin. Its distant reaches seem impossible to attain, separated from him by hundreds of feet of ground and a lot of concentrated effort. But he keeps his eyes on the goalpost, and he works steadily in that direction. When there are setbacks, he struggles all the harder because the goal is that much farther away. Sooner or later, when he plows across that line, he feels real pride in his accomplishment, real pride that he has done what he set out to do. That faraway goalpost is his.

There are goals just like this in life. How far the trip is determined the moment each person sets his highest ambitions. How long his struggle is decided by the amount of effort he puts into getting there. Everyone, no matter what his personality, puts down some sort of goal when he enters high school. It may be social, physical, or mental. He has three years at Clay to achieve what he will. The *Crystal* hopes to accurately picture the year 1966-1967 at Clay . . . the students, sophomores to seniors, and the work and fun on their way to reaching their GOALPOSTS AT CLAY.

ACADEMICS



Mr. James O'Brien, principal of Clay Senior High School, displays the personality and understanding which makes him so perpetually popular with all of the students who attend "his school."

Mr. Vaughn J. Ullman, Executive Head of Oregon Schools, pauses momentarily from the pursuit of his many responsibilities.

Administration

Pictured below is the 1966-67 Oregon Board of Education: *Seated*—Mr. Rolland Turnow, Mr. Edward Berger, Mr. Paul Revenaugh, Mr. Thomas Robinette. *Standing*—Mr. Pando Pappas and board clerk, Mrs. Ann MacPherson.

Mrs. Nancy Bahnsen, Clay's treasurer, is shown here with the school's books.

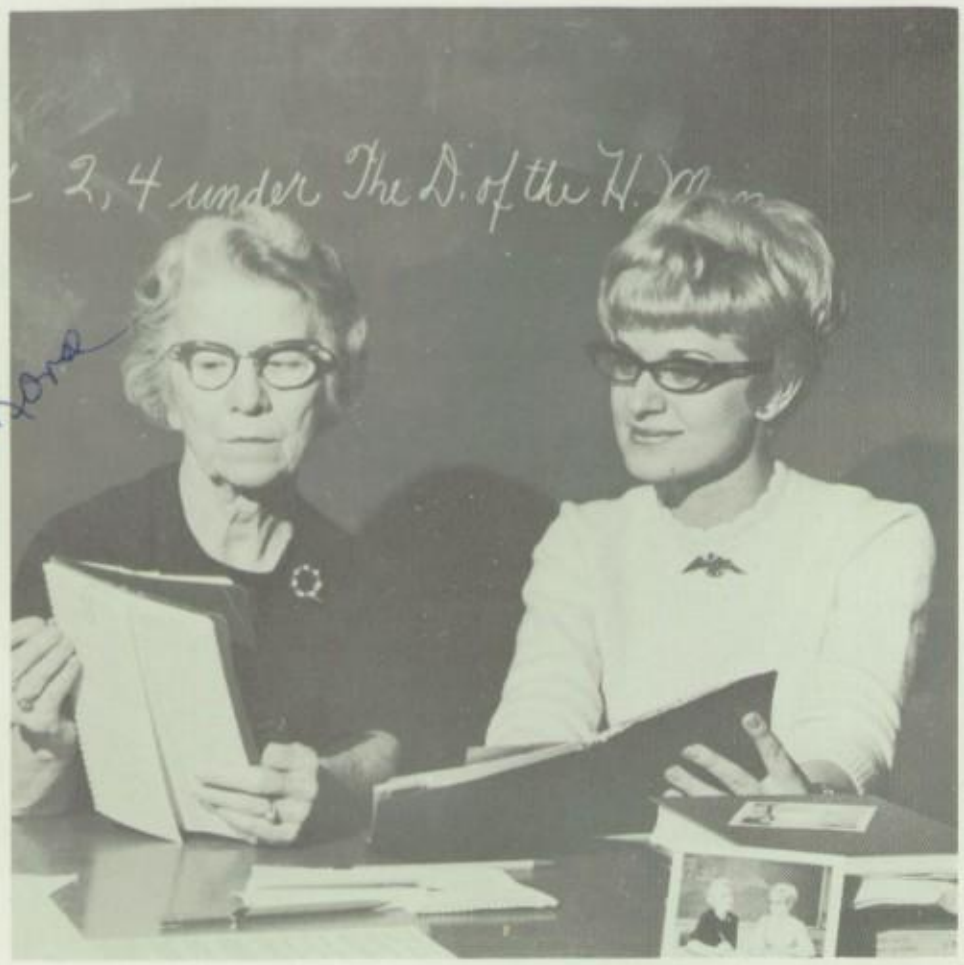
Mrs. Dorothy Sanders is in a familiar pose with the work that occupies her hours.

Mrs. Sarahetta Dunson spends much of her time poring over absent lists and grade cards.

Aids Students Daily

Counselors Mrs. Janet Arner, Mr. Henry Spring, Mr. Harold Potter, and Mr. Bert Fleitz work to help students receive the most from their high school education.

Teachers Aid Students in Self



Mrs. Fern Morse, English instructor, is shown as she discusses student evaluation with student teacher, Miss Emma Babarscik.

The English department has as its objective that of helping each student to find and to express himself. Great works on subjects of religion, political science, history, and philosophy provide a basis on which the student can debate and define his ideals. Rules of grammar are not taught for a pastime, but in the sincere hope that every pupil will be better able to communicate his ideas and ambitions to those around him.

The STS program, for "Superior and Talented Students," is moving even faster this year to allow these scholars to utilize the full range of their abilities. Second semester sophomores are covering the intricacies of American literature, second semester juniors those of English literature, and second semester seniors find themselves involved in advanced composition.

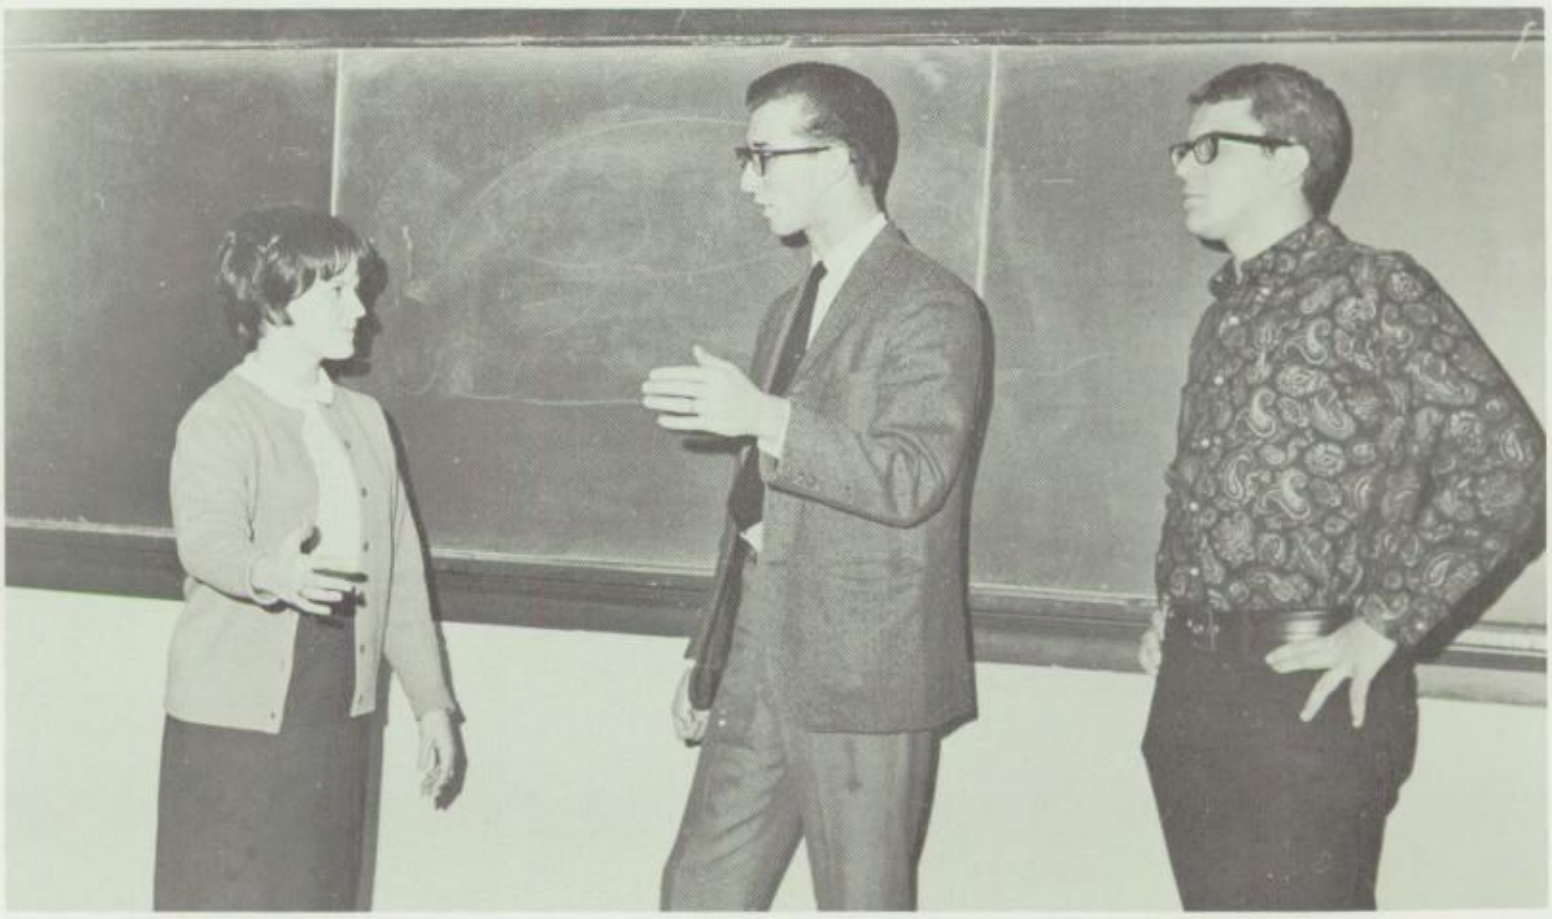
Mr. Lawrence Haynes, Mrs. Susan Wallace, and Mr. Vincent Rupp, STS English teachers, are making plans for their team-teaching program.

Expression

Mr. Fred Skelton dramatically demonstrates a point for his speech class.

Audio-visual preparations are frequently discussed by Mrs. Diane Monnier and Mrs. Gertrude Skinta, English teachers.

Diane Valiquette and Dan Nichpor receive individual instruction on proper hand gestures from Mr. Fred Skelton.



Catering Services Extend Home Ec Skills

David Yurkovich and Ronnie Rose are learning the complex skills required in cooking.

Mrs. Erleen Johnson, Home Economics teacher, displays the smiling interest that has made her so popular as president of the Toledo Home Economics Association.

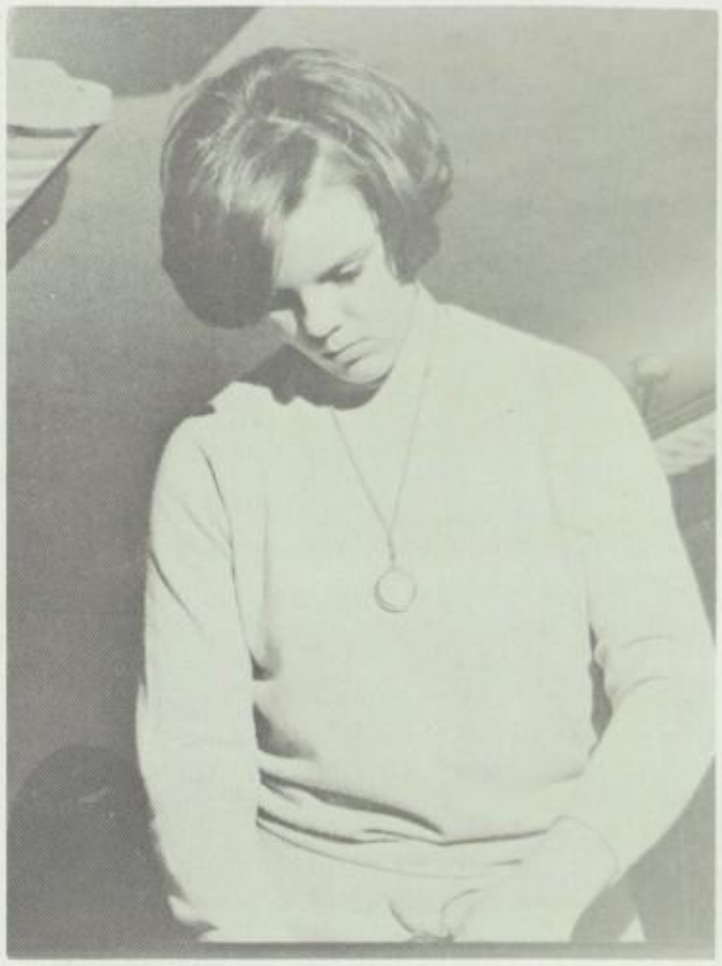
Mrs. Zygnla, Red Cross instructor, shows Chuck Plumadore the proper way to hold a baby.

Mrs. Margaret Wiles, Home Economics teacher, devotes her spare time to the subject she loves—sewing.

This year is a year of Home Economics firsts. Catering is now being given as a part of the regular classroom work, providing a type of professional training seldom found in ordinary Home Ec classes. For the first time in the nation, the Red Cross is offering its course "Mother and Child Care" to high school boys. The purpose is to provide the instruction that will make these future fathers more responsible parents and husbands.

Home Economics gives the practical side of consumer education. Common sense is supplemented by information on home furnishings, upholstering, household appliances, and interior decorating.

Imaginative work is far from neglected. Girls design and execute their own fashionable ideas on suits, dresses, coats, and hats. Special projects revolve around the foods and customs of exciting foreign lands from Italy to Jamaica. Students demonstrate their skills in making exotic foods and beautiful native costumes. Thus Home Ec not only furnishes a preparation for later life, but develops in the girls an understanding and tolerance for all sorts of people and ideas.



Cheryl Norden cuts her material prior to beginning an outfit.

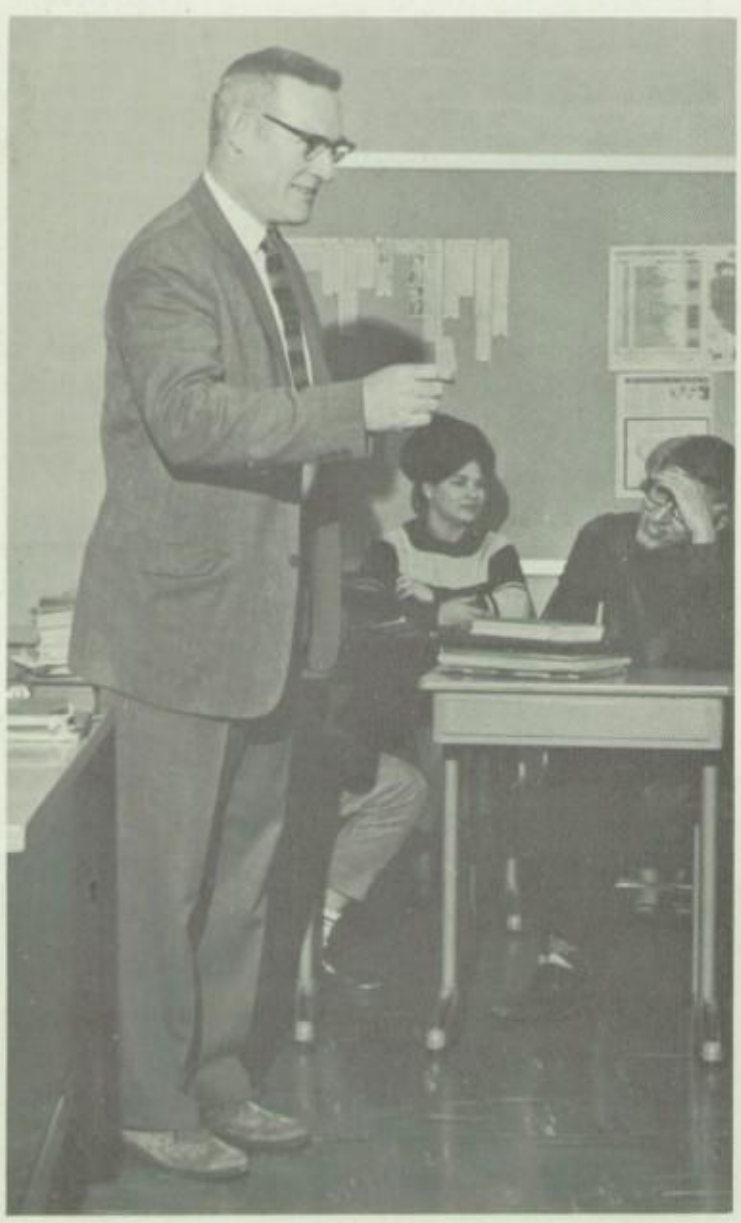
Sewing provides both an interesting hobby and classwork for Joyce Rohm.

Clay's social sciences staff is comprised of the teachers of American History, Civics, Economics, Geography, and Sociology. They project the students toward the goal of more effective and responsible citizenship in a democratic society. The formation of the United States, socially, economically, politically, and the reasons for the changes that have taken place are presented in the hope that an understanding of the past will influence the future.

A recent innovation in this field has been the addition of an elective geography class, taught by Mr. Pocse and Mr. Euphrat, teacher of business subjects. The purpose of the geography class is to help students learn their relationship to the things around them. It provides the final rounding point for the social studies department.

Mr. Jack Hoefflin, Civics and Economics, waits for a student's reply on the law of diminishing returns.

Mr. William Crow, Civics and Driver's Training, here makes his point through the use of humor.



Teachers Work to Improve

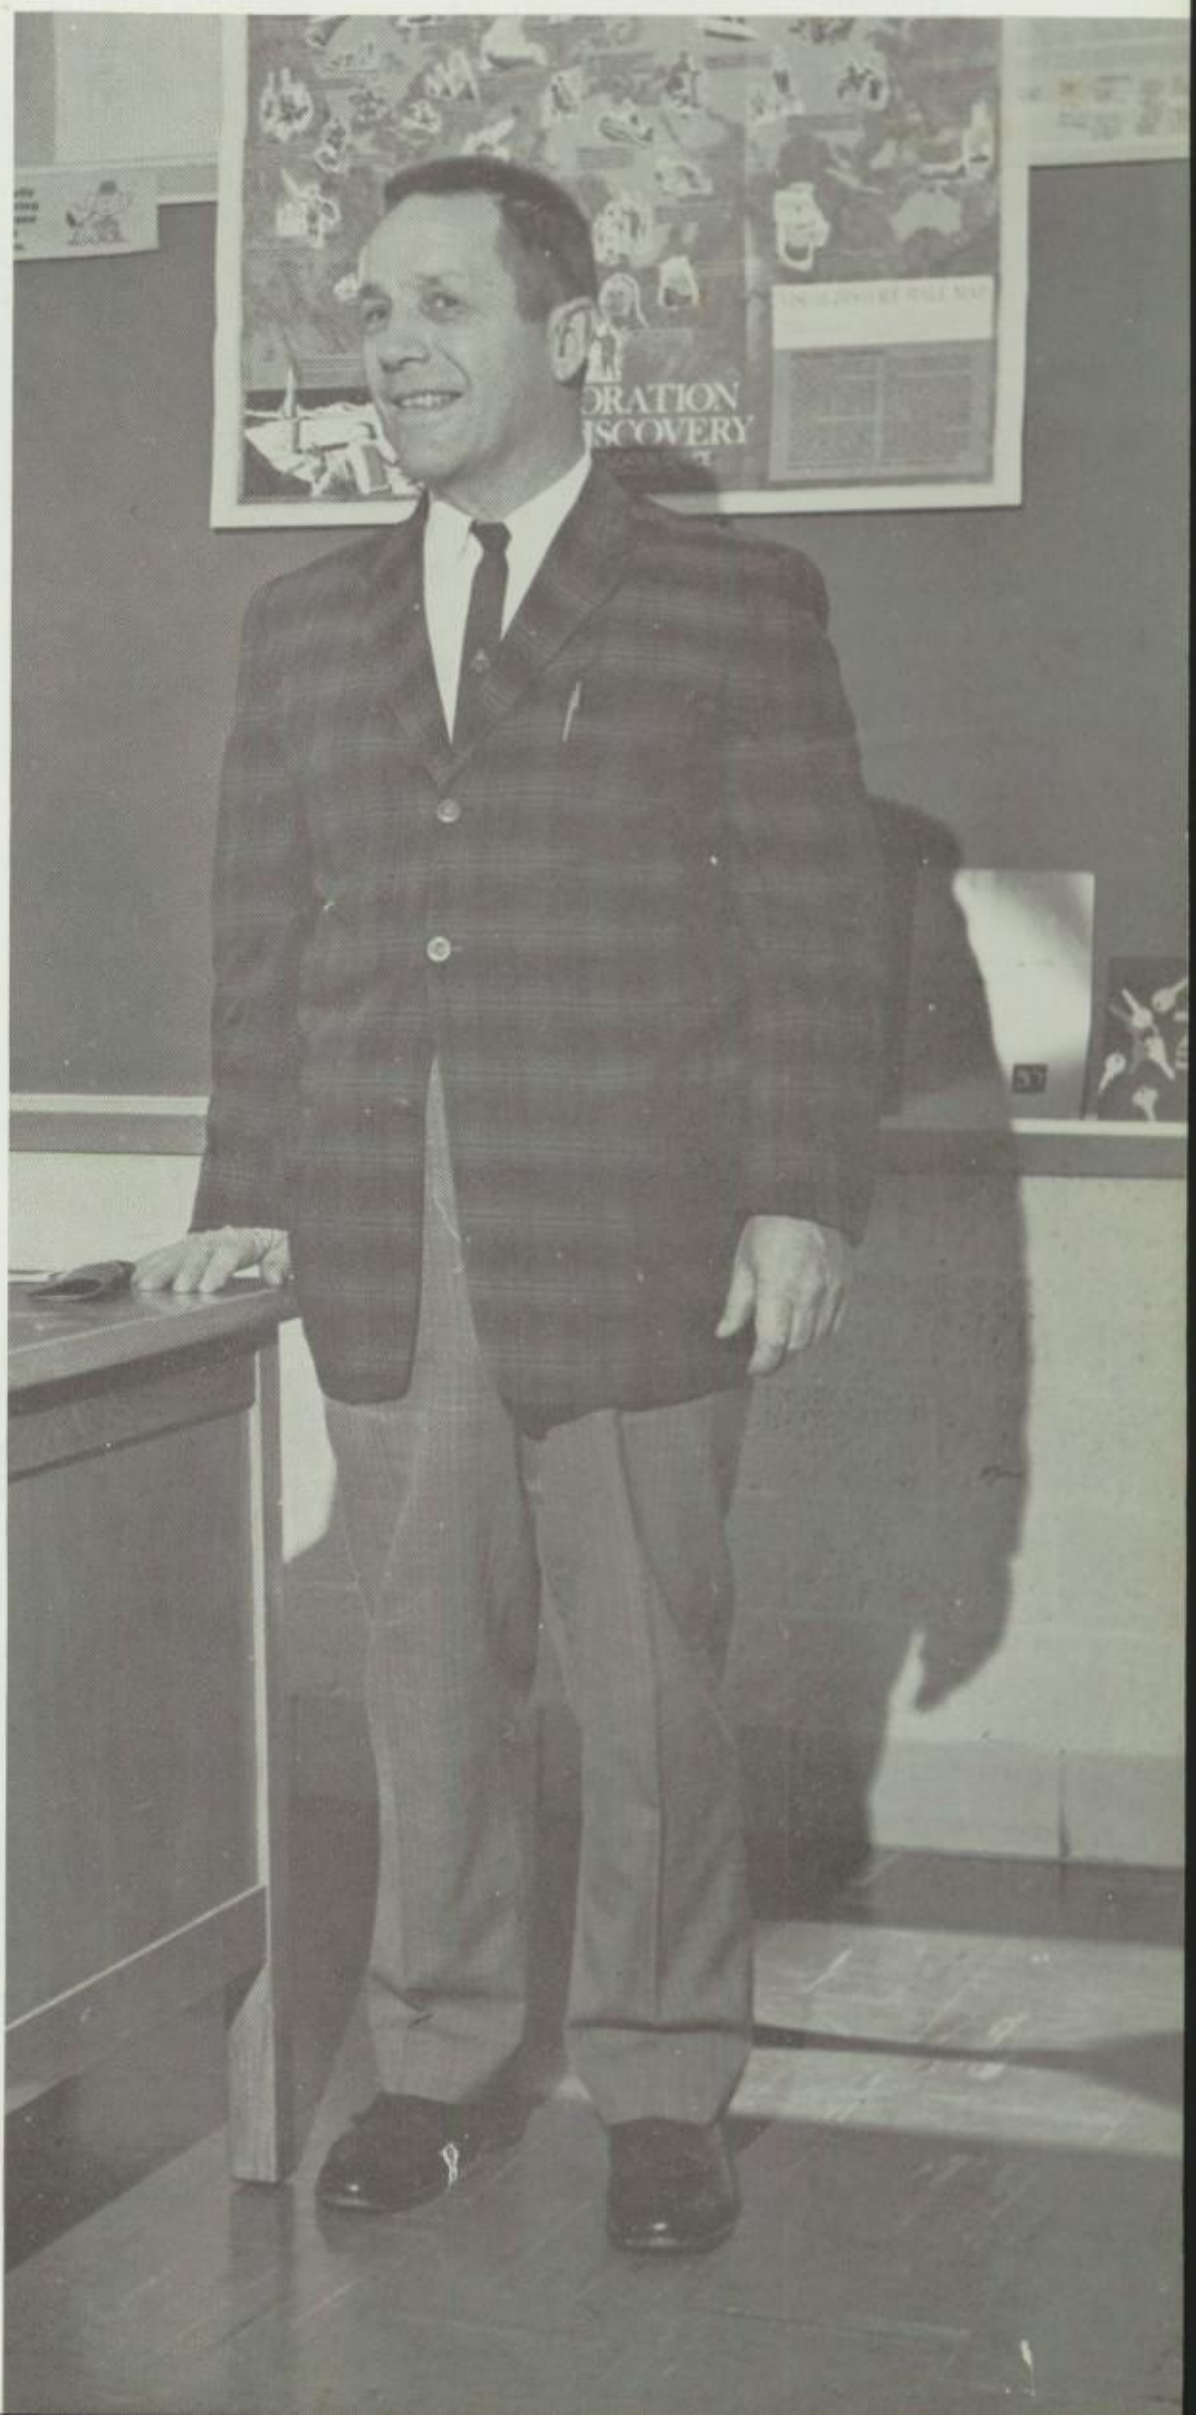
Mr. Rodney Pyle, Civics and Economics, is pictured giving a lecture on the means of passing a Congressional bill.

Mrs. Eleanor Mook, American history, lectures on the people and the conditions of the eastern portion of the United States.

Citizenship

Mr. Gary Niederhauser, American history, and Mr. Andrew Pocse, American history and geography, chat in the hall before going to class.

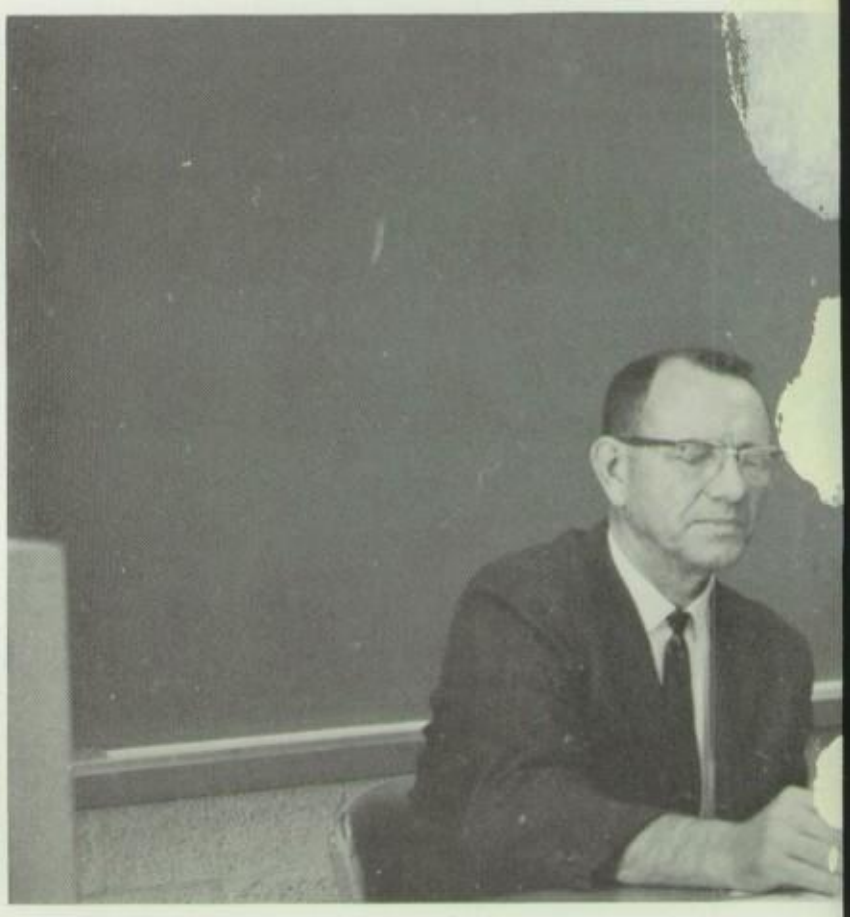
Mr. James Barnes, sociology and American history, obligingly pauses from his work to flash one of his famous grins for the camera.



Faculty Members Promote Interest And Ability

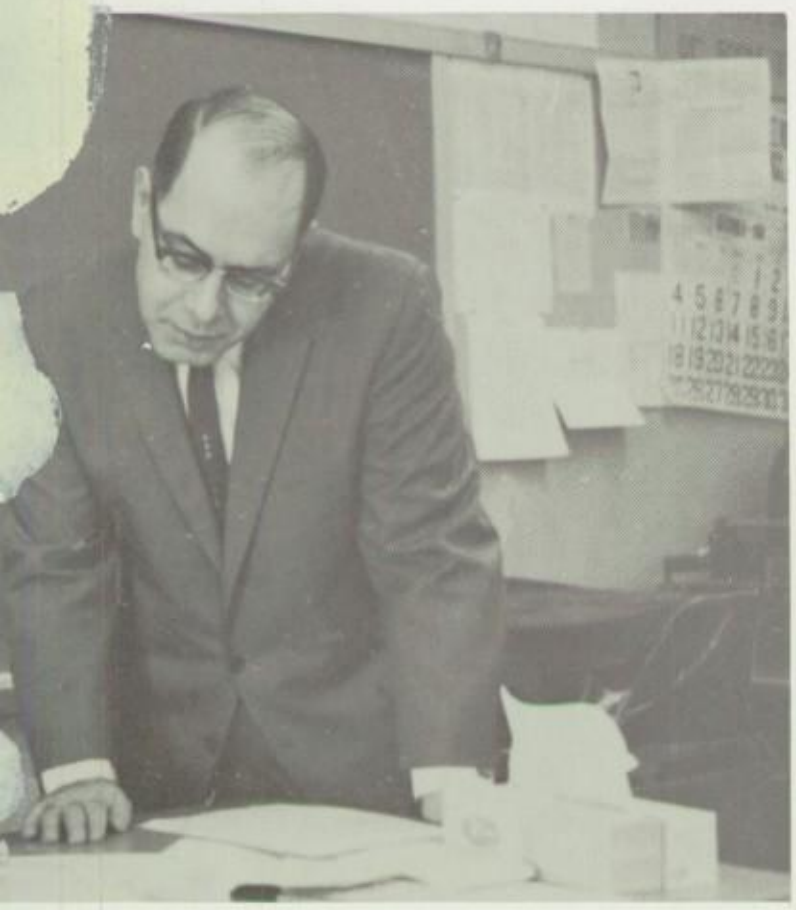
Mr. James Routson and Mrs. Margaret Ravenscroft, math, exchange comments on an article concerning the New Math.

Mrs. Charlotte Cramer, math, pauses while a student gives his impression of the Pythagorean Theorem.

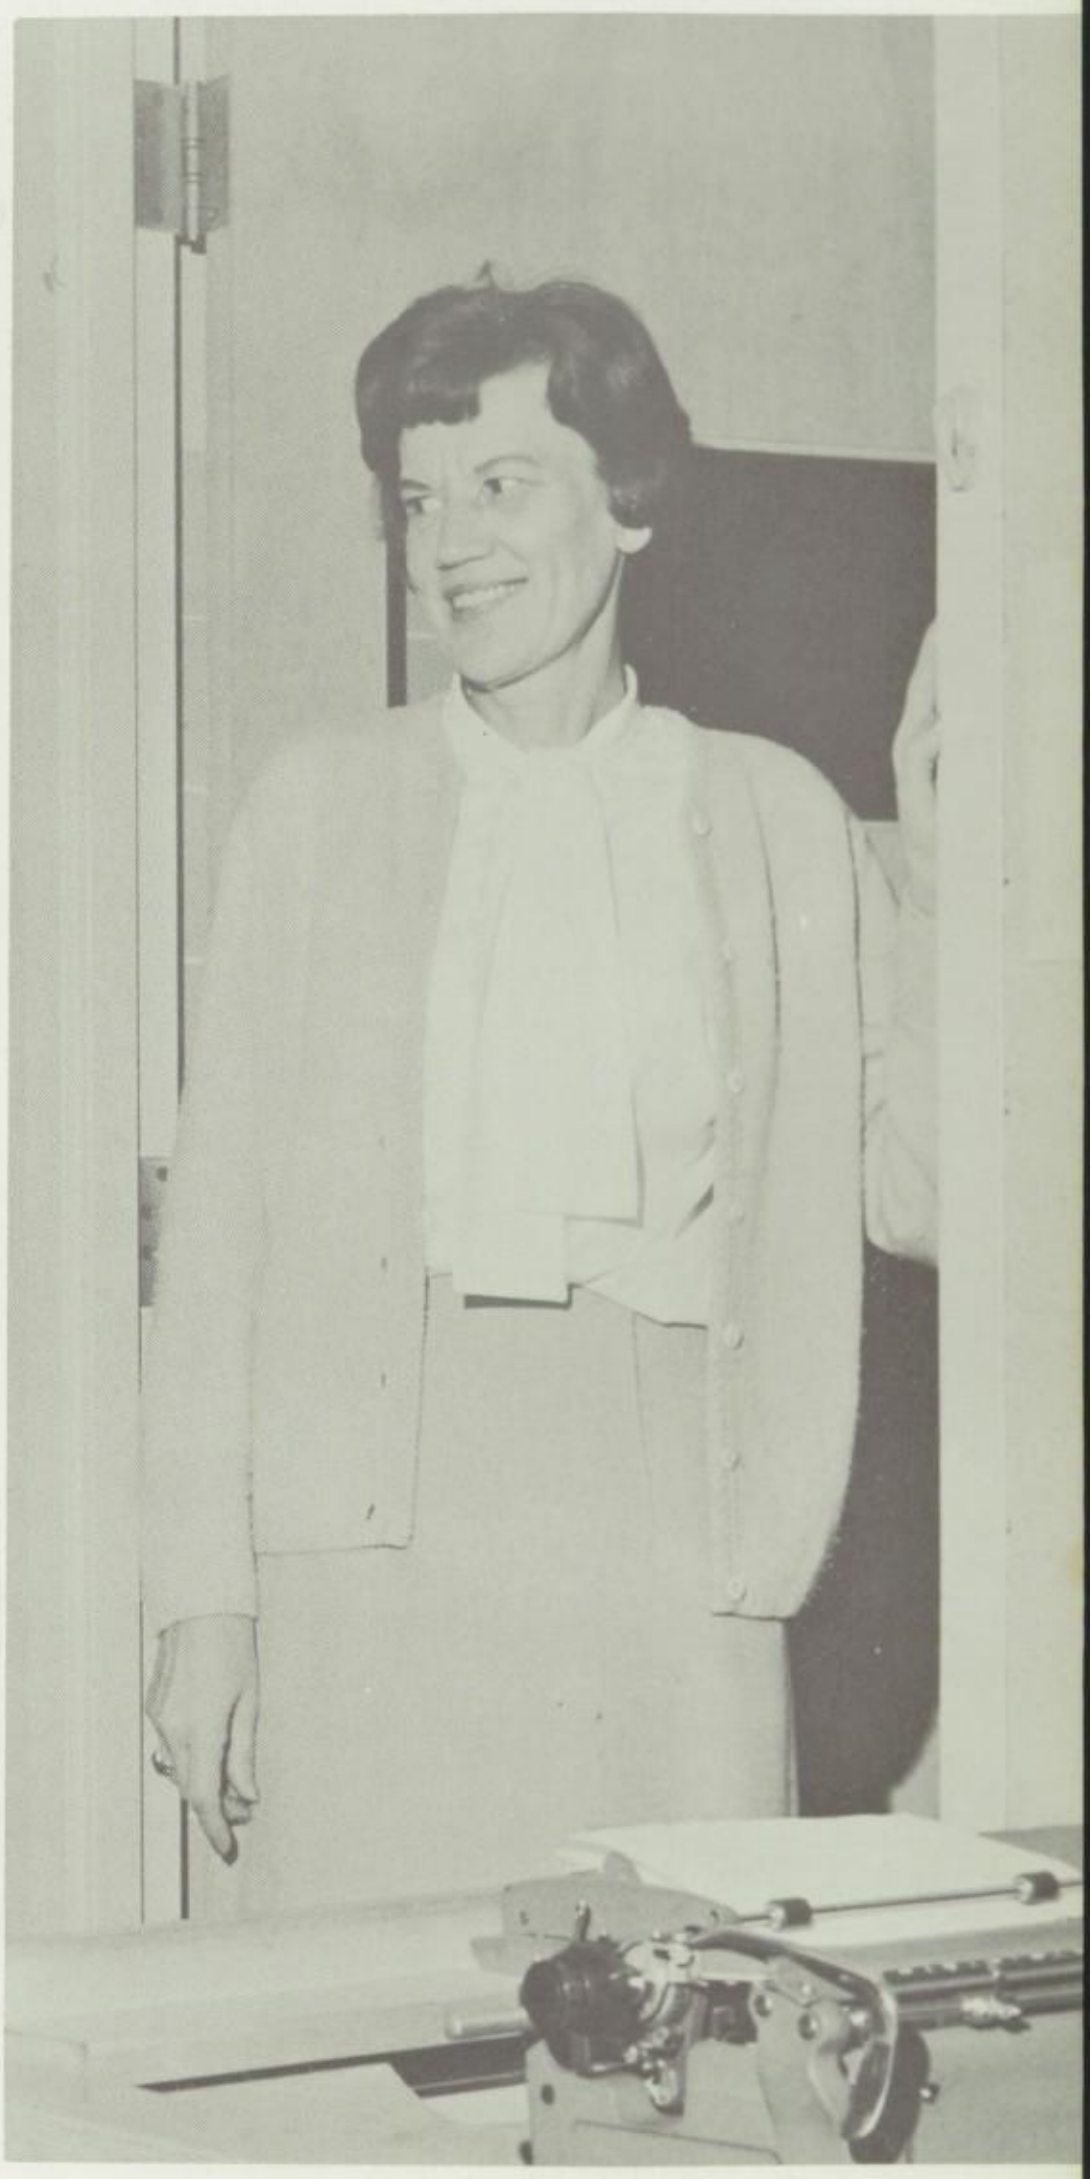


Since Mr. Tennyson Huyck and Mr. John Euphrat have classes across the hall, they often exchange views.

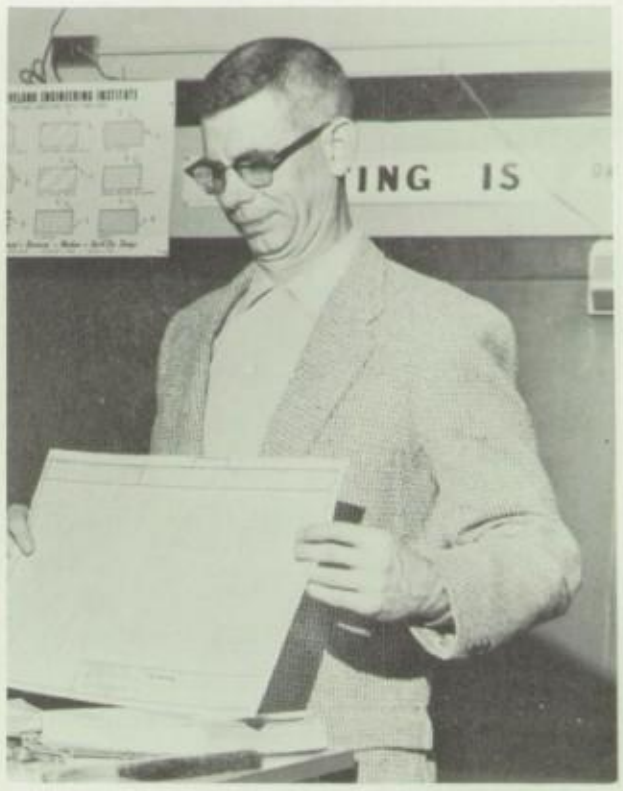
Mr. William Coontz, typing, points out an error common to beginning typists.



Mrs. Elizabeth Needles, business, pauses for a moment after school.



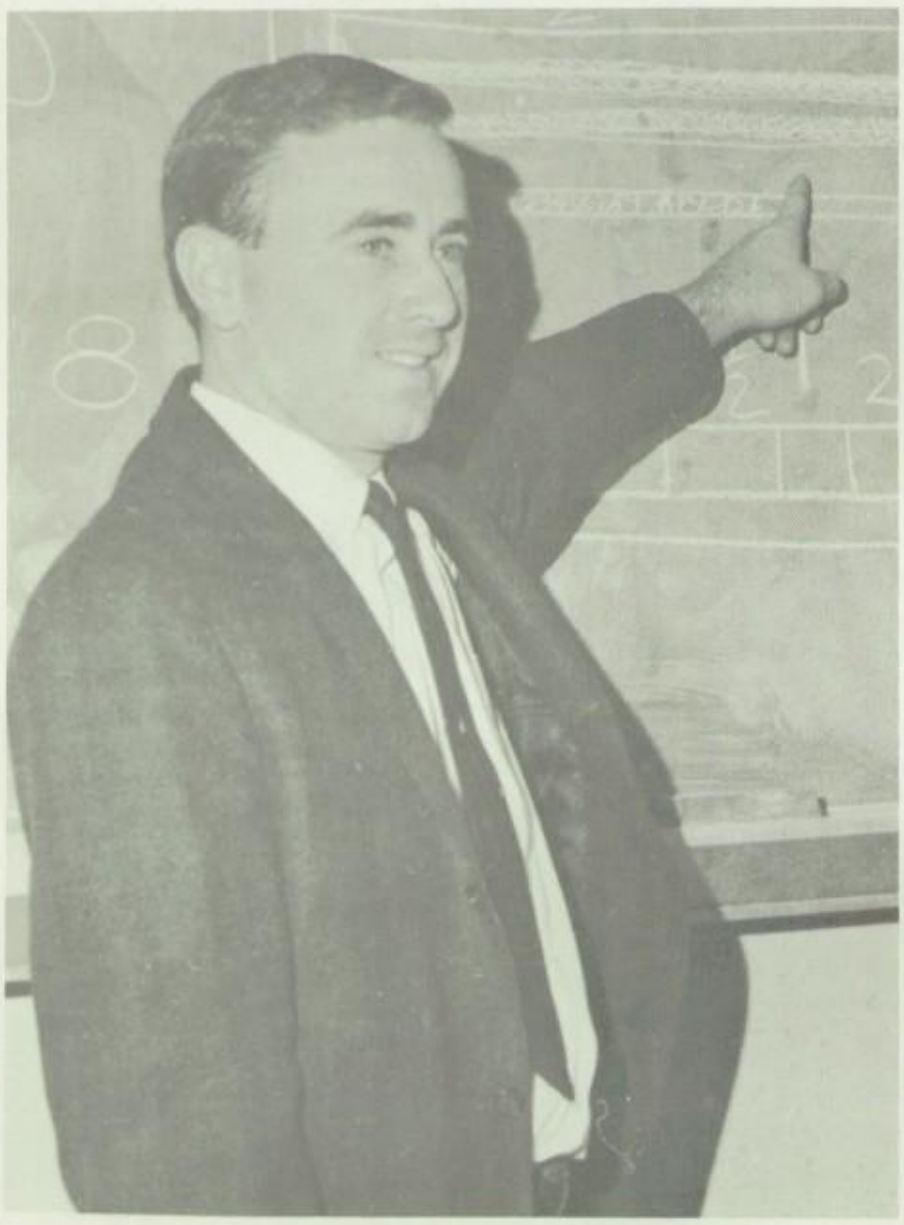
Mr. Kenneth Bradley, Auto Mechanics, and Mr. Bruce Berkey, industrial arts, sketch a pattern on board.



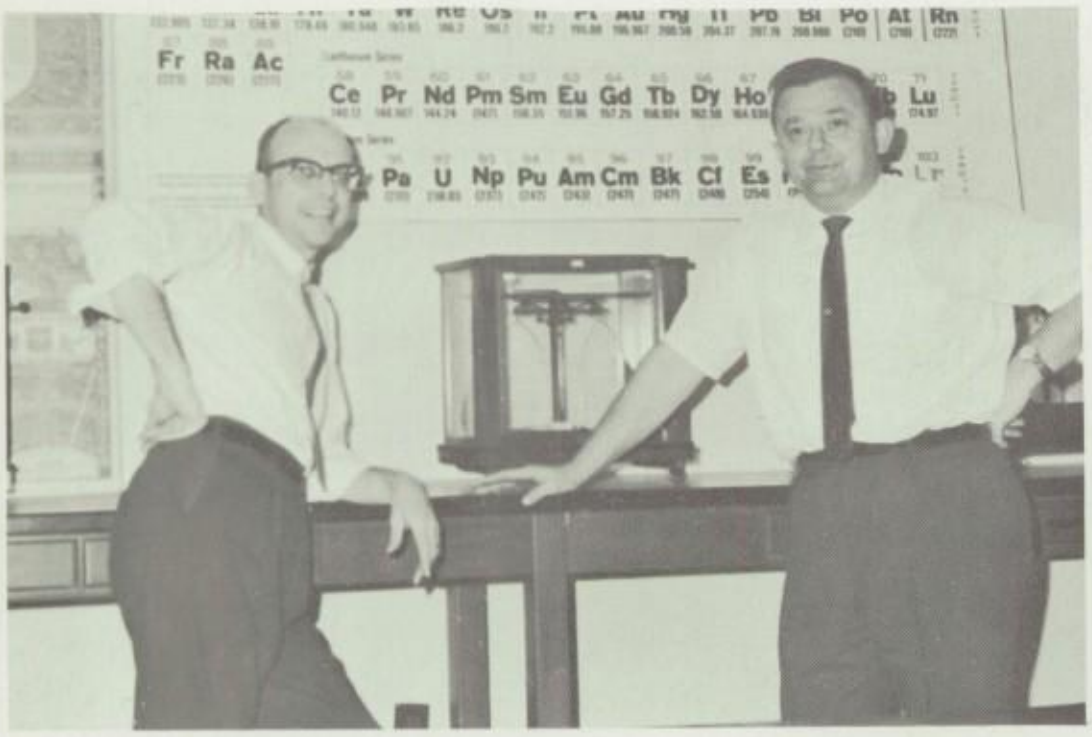
Mr. Charles West, vocational drawing, demonstrates the proper handling of a plate.

Teachers Provide For

Mr. William Baumgartner, industrial arts, explains a complicated cutting diagram.



Mr. Robert Kinney, industrial arts, smiles at a departmental joke.

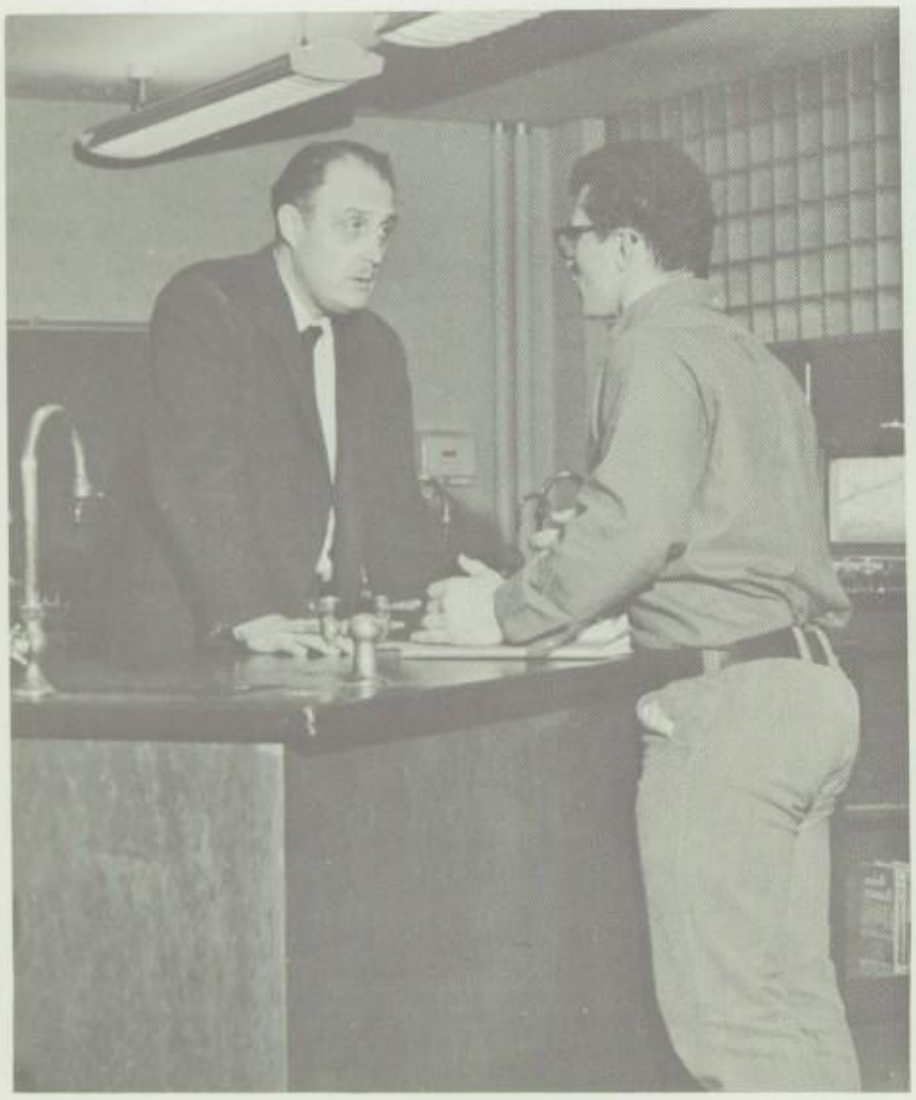


Mr. Joseph Wilmarth, Biology, and Mr. Charles Waggoner, Chemistry, relax at close of school.

Mr. Kermit Hoesman, Biology, watches the plants that he spent a year tending.

Diversifed Interests

Mr. Robert Bumbaugh, Chemistry, discusses a difficult principle with student Ken Moore.



Mr. Richard Kandik, Biology, is shown delivering a lecture on plants.

Mr. Bernard Falor, music, smilingly explains the circle of fifths to an interested *Crystal* photographer.

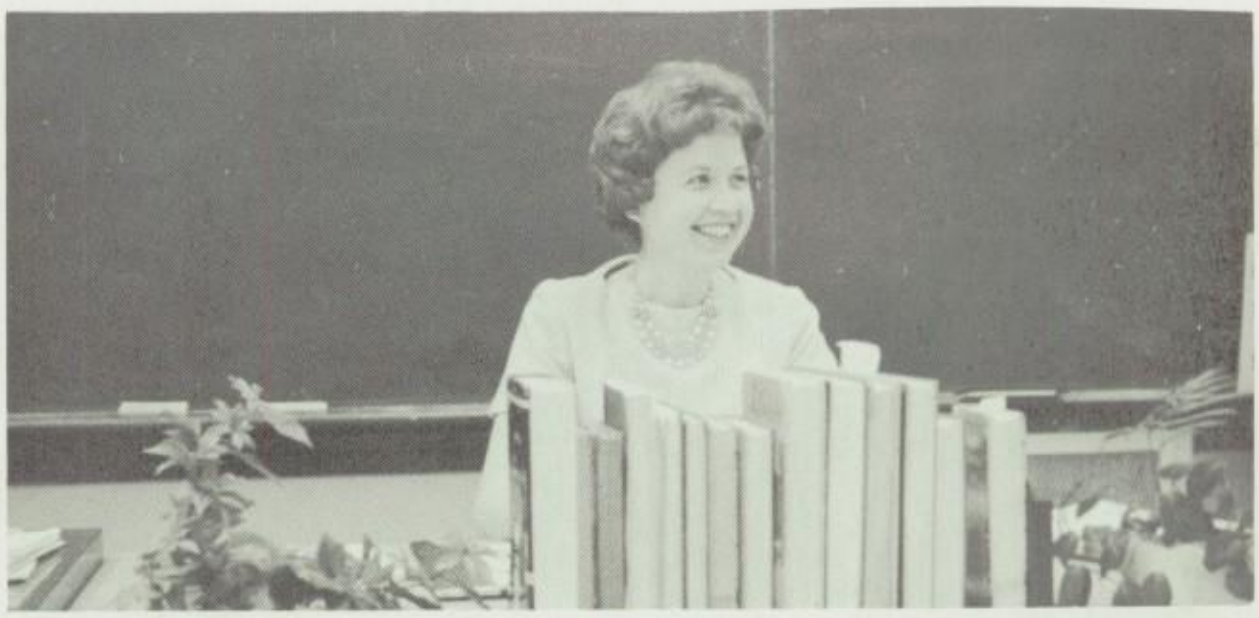
The fine arts program at Clay High is specially designed to polish each student's tastes, and to allow him the fullest possible range of cultural improvements.

The foreign languages develop his awareness and understanding of other lands and peoples. His own English comprehension is supplied with an increasing depth through the study of word derivations and differentiations. Art and music bring each pupil to a fuller realization of the beauties surrounding every phase of his life, and encourage his personal creativity and self-expression.

Mr. George Hauter, art instructor, watches his class in a symposium.

Mrs. Nancy Bricker, Band director, pauses to chat with parents at the annual Band Banquet.

Mrs. Rose Campbell, French, and Mr. John Fellhauer, Spanish, check their equipment in the language laboratory.



Miss Jean Gary, Latin, smiles from behind her gaily decorated desk.

Mrs. Helen Konoff, librarian, keeps up with the new books by reading in her spare time.

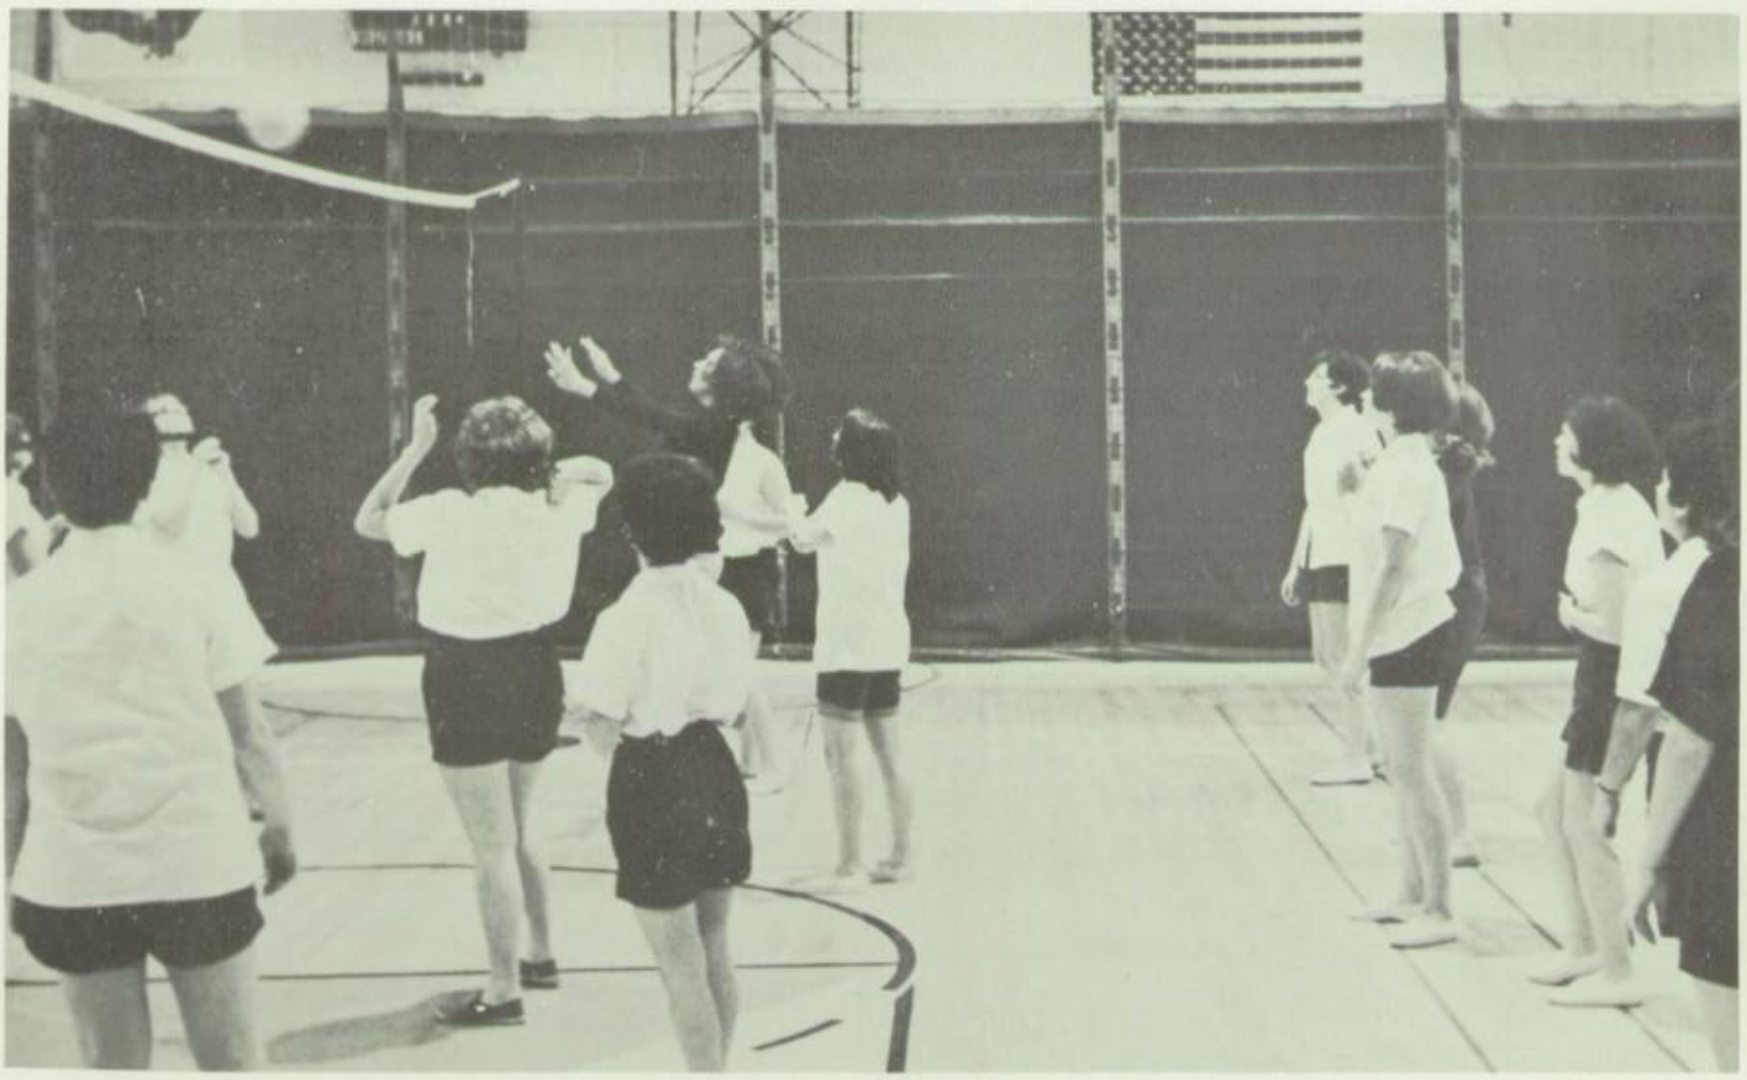
Mrs. Edith Huebner, librarian, checks a reference source to aid a student.

Mr. Ted Federici does some of the paper work not usually associated with the teaching of gym.

Miss Phyllis Jones smilingly greets the Crystal photographer.

Physical Education Builds Spirit

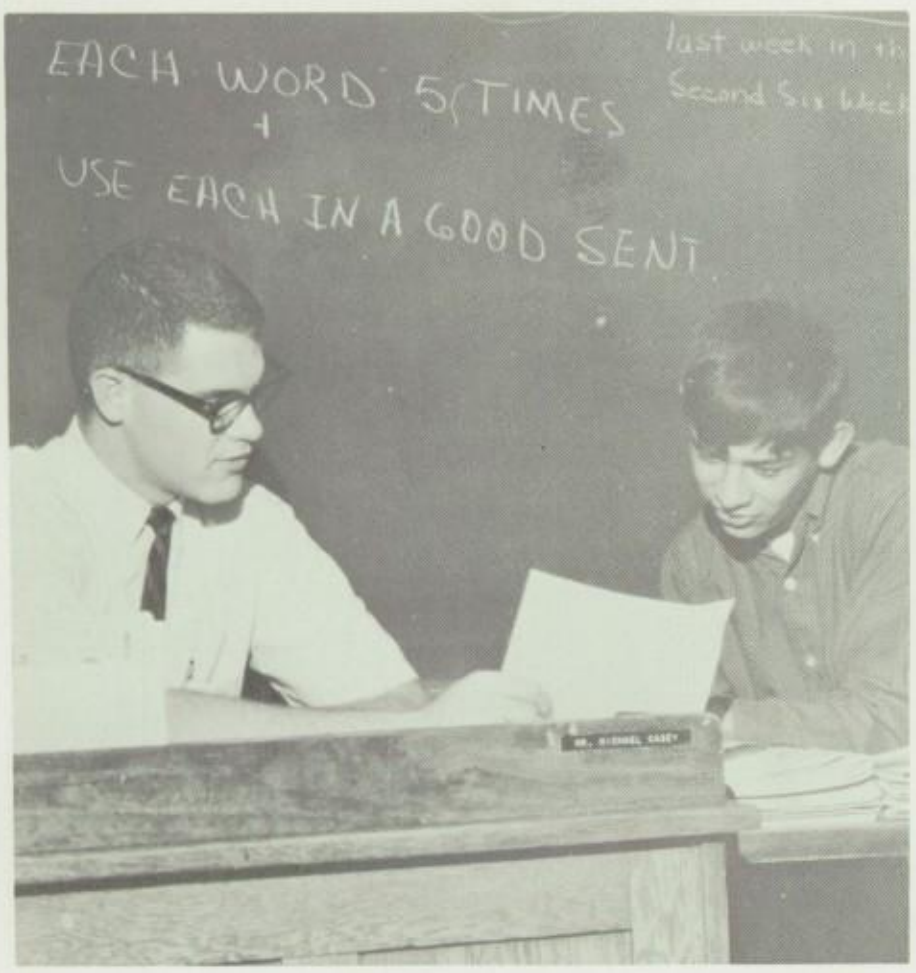
Junior and senior girls display team cooperation and spirit in the exciting game of volleyball.



Mr. William Hughes, Everyday Problems, and Mr. L. Owen Ziebold, Hygiene, occasionally found a minute for conversation in the Annex.

Mr. Russell Scott, driver's training, leaves to educate a student in the rules of the road.

Mrs. Opal Stryczek, Dental Assistants, and Mrs. Eleanor Swartz, Everyday Problems, discuss the Christmas decorations of their respective rooms.



Mr. Micheal Casey, special education, points out the proper way to construct a paragraph to student Al Garcia.

ACTIVITIES

A Dream

Friday, the twenty-third of September, was an unforgettable night in the eyes and words of Yolanda Danyi, the Homecoming Queen. Here are her thoughts on the evenings activities.

"Homecoming night was chilly and windy. I was never more nervous in my life. When I received the crown and saw the crowd looking down, I forgot who I really was. I hoped this dream of excitement could last forever. I wished everyone in the crowd could have been in my place for one second. This one second would never be forgotten.

"An honor such as this is meaningless unless you have friends and relatives to share it with. Everyone was so generous and willing to help me.

"Homecoming of 1966 is not over for me. I will always have the memory in thought and pictures."

The Junior Classical League, for which all Clay Latin students are eligible, this year conducted the slave sale which has been so popular in the past. Initiates were sold to the highest bidder as in the old Roman slave markets and for several days they were compelled to obey their master's orders.

A Christmas skit provided holiday entertainment for J.C.L. Entitled "What is the True meaning of Saturnalia?"; the skit involved the awakening of Brutus Maximus, a cruel man, to the true meaning of Christmas.

A new charter was developed which has increased interest and actual persuance of formal aims.

The Choir sings in many concerts; the Mothers' Club, the annual teacher's meeting at the Toledo Health and Retiree Center, and the Vespers service on December 18th at Clay. During the Christmas season, the Choir went caroling through the community and the area schools. Contest provided a chance for the Choir to display its ability in singing truly classical works.

There are 104 juniors and seniors in the Choir this year. The money collected on Tag Day, early in the school year, was used to buy new robes and music.

The National Honor Society has four major requirements: scholarship, character, leadership, and service. To be eligible for membership, a student must maintain a 3.0 average. The candidates' character, leadership and service are the determining factors upon which a committee, composed of department heads, bases its decisions. The club membership consists of no more than fifteen per cent of the senior class and ten per cent of the junior class. The Honor Society does not hold meetings, but the members are called upon to help out in the office, where they may be placed in positions of responsibility. The National Honor Society is a goal which can be attained only by hard work and talent.

Varsity "C" Promotes Sportsmanship

Membership to Varsity "C" is limited to those boys who have earned a varsity letter in a major sport during their years at Clay. Its main objective is to cultivate the ideals of sportsmanship, not only in the light of victory, but also in the shadows of defeat.

In service to the community, the club distributed Christmas baskets to the needy in Oregon, and, on December 16, helped the old newsboys by paper sale.

G.A.A. Iniates Pep Club

Besides their annual activities of bowling and selling candy, this year the members of G.A.A. undertook the formation of a pep club. Although interest was shown in the club, it was disbanded after a few meetings. The school administrators are now planning the formation of a pep club for the coming year.

Band members and the entire school community were stunned by the death of their director, Mrs. Nancy Bricker, mid-way through the year. (See pp. 70-71). In the best theatrical tradition, however, the "show went on." Mr. Bernard Falor served as interim director until the new band director arrived.

Filling the vacancy of Mrs. Bricker, Mr. Richard Martin, a graduate of Woodward High School in Toledo, arrived at Clay at the start of the second semester. Mr. Martin, working in his first teaching job after graduation from University of Louisville, brought the concert season to a successful close to the applause of a grateful community.

Enthusiasm kindled the fire that has led the Clay band to victory this year. Starting off the summer by winning first place at the annual Strawberry Festival, they went on to earn second place at both the Windsor, Ontario, contest and the Fireman's Convention.

But the rewards of being a band member aren't only material. Close fellowship develops between the musicians, and a sense of being part of an activity important to the school. Contests encourage competitive spirit to be "tops", and improve the technical abilities of the players. All the work is worth it to the members when they hear the applause of enthusiastic halftime crowds and concert-goers.

Luanne Iffland's smiling willingness to work led her fellow band members to vote her Outstanding Band Member of the Year.

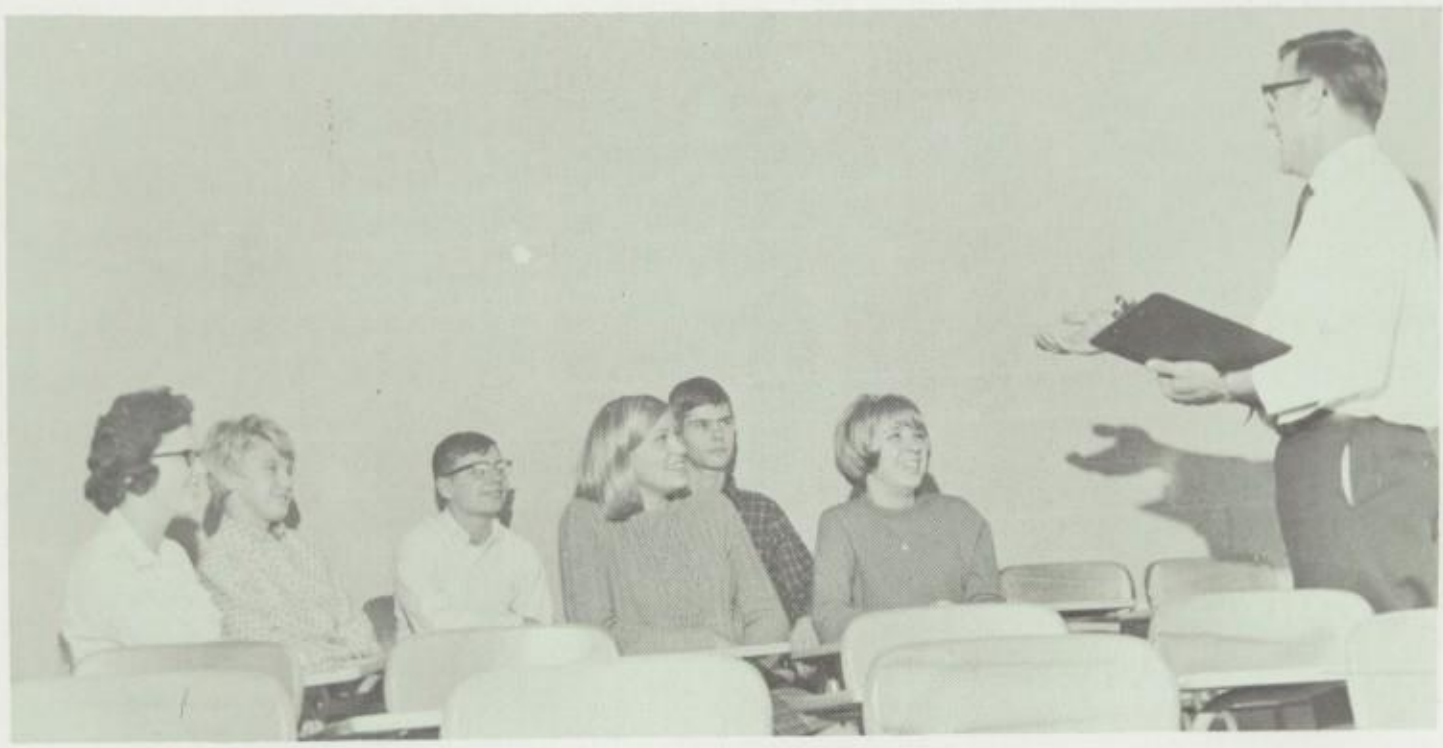
Crystal Staff Battles Time To Produce Expanded Yearbook

The Crystal staff could have easily been termed the "silent organization." There were no thundering multitudes to urge its members on to action. There were no spotlights to single out any one individual. The staff worked together many long, successful, sometimes disappointing hours on layouts, typing, picture cropping, and the myriad other jobs mount up to make an outstanding yearbook.

It was the culmination of many talents and the execution of many thankless tasks that brought about the completed 1967 Crystal. Satisfaction and self-pride were the only rewards . . . the finest goals on earth.

Junior staff members are: Carol Irmen, Elaine Peters, Dan Thompson, Vicki Ovall, and Beverly Emch.



Newest members of the Crystal staff, Diane Ryan, Mary Roberts, David Jobe, Carol Tipton, Richard Webb and Vicki Ziethlow, receive some instruction from yearbook adviser, Mr. Haynes.

Copy often presents mountainous problems for Crystal staff members as evidenced by Steve Clark, Bonnie Meyer and Janet Trowbridge.

Eagle Staff Acquire Journalistic Skills

Eagle staff members Bob Frank and John Pollock sell the bi-weekly newspaper, in the main lobby during the noon hour.

The *Eagle* continued bi-weekly publication throughout this year. A new and improved editorial policy marked the most apparent change. Increased emphasis on student interest was recognized through the "Inquiring Reporter" and "Letters to the Editor" columns. A school-wide student and faculty survey was gathered and analyzed to plan future changes.

Chess Club Encourages Thinking

Chess club members hold periodic meetings in the library to sharpen their wits and skill.

Bio-Phy-Chem Profits From Speakers

Following the Bio-Phy-Chem initiation at Macomber Lodge in Pearson Park on November 27th — an initiation which compelled the new members to participate in a park-wide scavenger hunt — the club instituted its full year of activity. Included in the variety of club programs was a talk by Kevin Seckel, club president, on epoxy. Jack Crow was on the schedule to discuss his summer trip designed to place high school students in closer contact with scientific research.

Many times during the school year meetings featured lectures and demonstrations by representatives of local and area industry.

Speech Club Members Bring Accolades to Clay

The Speech Club has had its "winningest" year ever. Under the expert guidance of Mr. Fred Skelton, members entered area contests in subjects such as extemporaneous speaking, original oratory, poetry reading, and dramatics. Weeks of preparation were necessary, and the practice hours were long and frustrating, but the time was proven to have been well spent. Participants earned nine trophies for first and second places, as well as six awards for placing third, fourth, or fifth, making a total of fifteen honors.

According to Mr. Skelton, "The kids were willing to work, and it paid off for them."

The Speech Club has well fulfilled its purpose of bringing out speaking ability in Clay students.

Listening to fellow club members rehearse brings smiles to the faces of Phil Wells, Ilze Arajs and Dan Nichpor.

Active members Sharon Smalley, Judy Zimmerman, Carolyn Bostic, and Janelle Oldham pause from their Bible study to listen to their adviser Mr. Barnes.

Vice president Janelle Oldham leads the Y.F.C. in prayer.

The Youth for Christ Club is a group of students bound together in Christian fellowship at school. They strive to reach teens for the church, and to provide an atmosphere of high Christian standards and activities. During their meetings, various interpretations of some of the Bible passages are discussed. Guest speakers share their experiences with the group.

FDA Members Introduce Pupils to Dentistry

Action has been the watchword of the Future Dental Assistants. Beginning with a speech by the state adviser and the first joint meeting with the Auto Mechanics, the F.D.A. kept their agenda rolling by sending seven girls to the state VICA convention in Columbus, holding a tea for the mothers, and by having Mrs. Kirk, a model, speak on the value of poise and good grooming. The highlight of the year was an exchange program with the area elementary schools. Children were given a tour of the lab and shown the tools they had once thought fearsome.

To promote a growing appreciation of the joys and satisfactions of homemaking; to emphasize the importance of worthy home membership; to encourage democracy in home and community life for all; to promote international good will; to foster the development of creative leadership in home and community life; to provide wholesome individual and group recreation; and to further the interest of prospective homemakers in home economics are the goals of the Future Homemakers of America.

The activities of 1966-67 included car washes, speeches by faculty members on various subjects, a convention for Future Homemakers, and "An Evening in Italy", an Italian dinner which was open to the public. Girls made field trips to places such as Broer-Freeman, where they learned the techniques of picking good china and silver.

Spanish Club Members Work in Handicrafts

Spanish Club members borrowed one of the traditional Spanish customs. At Christmas, they constructed pinatas, containers which shower gifts when the string is pulled.

The members also created their own club pins by etching copper shields with nitric acid.

Terry Warnke, Barb Seaman, Rita Wells, and Don Ludwig watch Ron Klawitter examine the newly arrived copper shields.

French Club

The French Club not only encourages students to take a greater interest in the French language, but also sponsors activities which promote friendship and understanding. Magazines, candies, and all sorts of gifts were donated to area rest homes and orphanages at Christmas. A successful booth was operated at Fun Night. Members participated for the first time in the Alliance Francaise, which is affiliated with the University of Toledo.

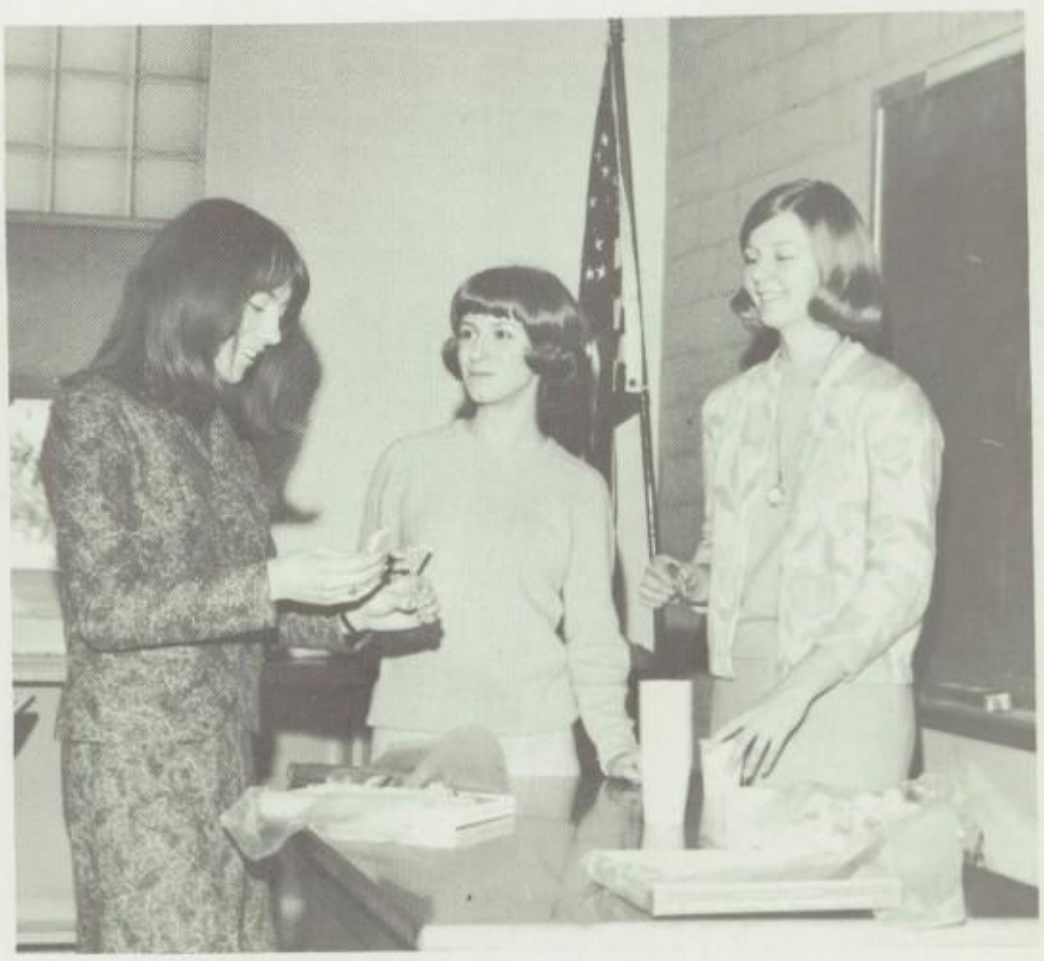
In an active year under a new adviser, Mr. Kermit Hoesman, the F.T.A. sold keychains bearing the name "Clay Eagles", initiated the largest group of inductees in several years, participated in an exchange meeting with Bowsher, maintained a coat-check at the basketball games, and visited St. Charles Hospital to entertain the children at Christmas.

While these many activities kept the members busy, the highlight of the year was the hospital visitation. The club members attempted to bring cheer to the children and when Jim Saelzler as Santa Claus entered the room, pandemonium broke loose.



Debbie Squires, treasurer; Beth Harris, secretary; and Nancy Nissen, president, sample refreshments served at January FTA meeting.

Speaker Adds Zest to FBLA Induction

The FBLA, Future Business Leaders of America, enjoyed a productive year, a year enriched by a study in office social graces. Miss Patten of the Patricia Stevens School of Charm lectured club members on behavior becoming office workers. The core of the lecture was concerned with poise and posture.

Later in the year, on February 17th and 18th, seven members of the club journeyed to Columbus for the state FBLA convention.

David Jobe, a soldier, is caught in another of his activities, taking pictures for the *Crystal*.

Terryl Warner enchants the audience with her performance of the Academy award winning selection, "Moon River."

Sarah Woodell flinches when Gail Odneal brandishes a shovel in their comic version of "Anything You Can Do, I Can Do Better."

Clay Specialties

Clay High displayed a lot of talent in its ranks for the 1967 Specialties. Many students tried out, and those judged as best capable of putting on a professional performance were included in the show. Acts ranged from a roaring, rhythmic band, to a pie throwing routine, to a piano solo of the semi-classical strains of "Rhapsody in Blue."

This year, something entirely new was added. Invitations were issued to those alumni who in recent years have had a lead in the school musical. Sheila Nanes, Bill Hines, Stephanie Lowe, Ron Gross, and Brian Remmert returned with renditions of some of their popular songs.

Master of Ceremonies Phil Wells provides his comic wit to delight the audience.

"Count Your Blessings" is beautifully sung by the mixed ensemble: Doug Asbury, Kathy Morse, Tom Como, Kathy Nick, Carol Semersky, Tom Miller, Luanne Iffland, and Ed Morgan.

Show An Abundance of Talent

Candy Lamoreaux, Jim Lamoreaux, and Dinah Greisinger add a folk touch with "Sundown."

"Climb Every Mountain" is even more expressive when sung by Luanne Iffland.

"TEACH"

The annual highlight of Mrs. Bricker's school year was the Band Banquet. Planning with her is Mr. Wayne Bricker.

Directing the band in the National Anthem at football games put Mrs. Bricker before thousands of people; she remains in the hearts of most of them.

Mrs. Bricker glowed with love and admiration when she presented awards.

Her bands consistently won awards in marching competition and plaudits in the concert hall; Mrs. Bricker won praise for her skill as band director and administration as a teacher. Perhaps the richest trophy she received, however, was the love of "my kids."

The little things counted for so much. The signed passes she kept ready for band members in her upper right-hand desk drawer served as a unique example of the trust she had in her students, a trust that was seldom violated. Long marches tired her, but she would not rest at the end of the route until the entire band was settled first.

To band members, she was "Teach." Once she protested to them that she was getting too old for such a name, but their dispirited looks brought a compassionate smile to her lips, and "Teach" was formally adopted.

It is unnecessary to say more. Mrs. Bricker gave fifteen years to Clay as band director, years that "Clay people" will gratefully remember.

Jerry Smith cleans his tools at the end of the day.

Floyd Pierce and Ken Belkofer stop their work to pose for the photographer.

Dave Jaegle looks on as Paul Mominee works on correcting an engine problem.

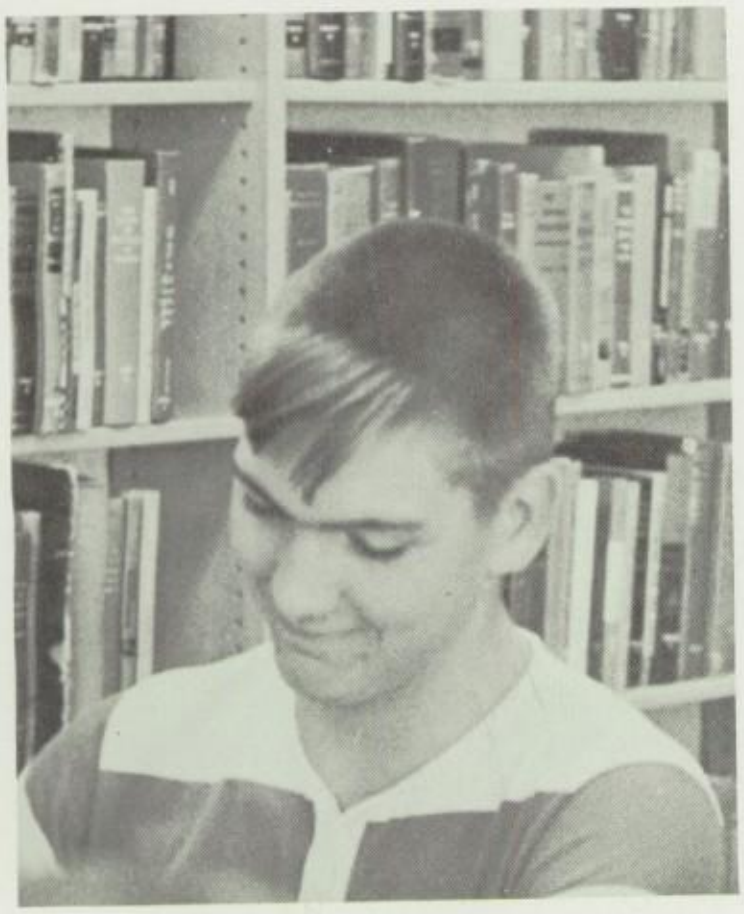
Auto Mechanics Experience Banner Year

The Auto Mechanics organization has had an outstanding year. According to Mr. Bradley, instructor, "These boys are among the best mechanics I've ever had." More and better work has been completed in the areas of engine overhauls, brake work, and tuneups. The class works on actual cars, often those of Clay students and teachers.

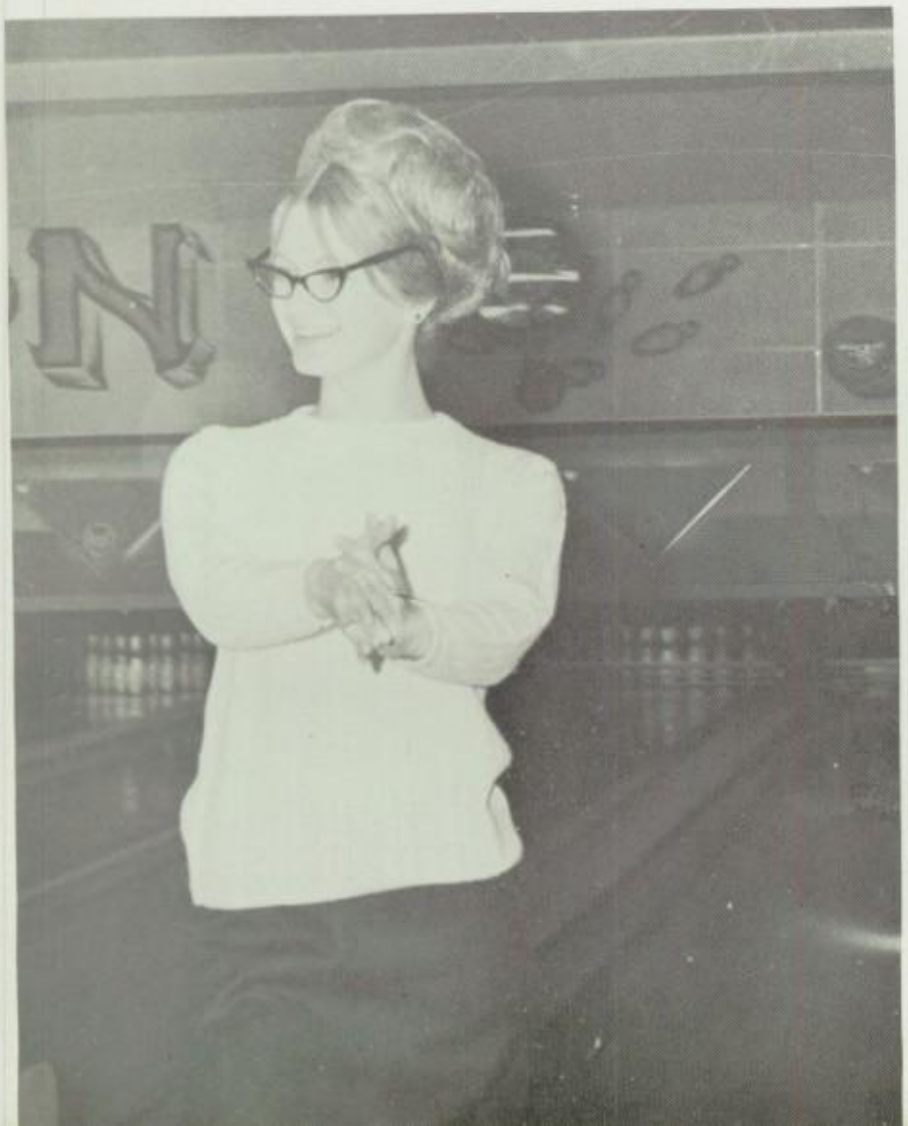
Though the purpose of making the boys employable as apprentice auto mechanics is achieved through actual classroom practice, the class also took field trips through the General Motors Automatic Transmission Plant, as well as the Ford Motor Company. A speaker from the State Department of Education talked on "The New Apprenticeship Programs". Every two weeks the class was visited by a representative of the University of Toledo, who spent his time studying the classes' excellent organization and achievements.

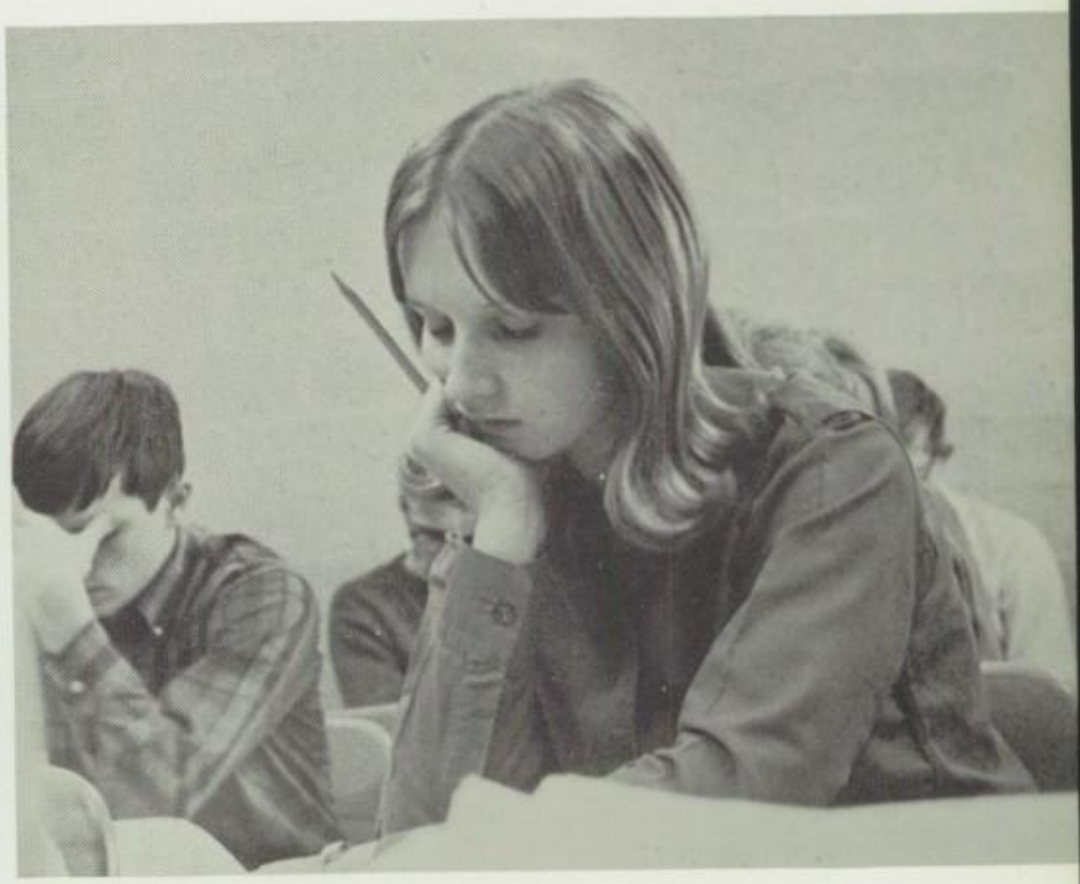
Members of the Auto Mechanics club pictured below are: *Seated:* John Benarth, Jerry Smith, Bob Horvath. *Row 2:* Tom Jones, David Jaegle, Mr. Bradley, Bob Feyesh, Floyd Pierce. *Row 3:* Mike St. Germine, Paul Mominee, David Shaffer, Ken Belkofer.

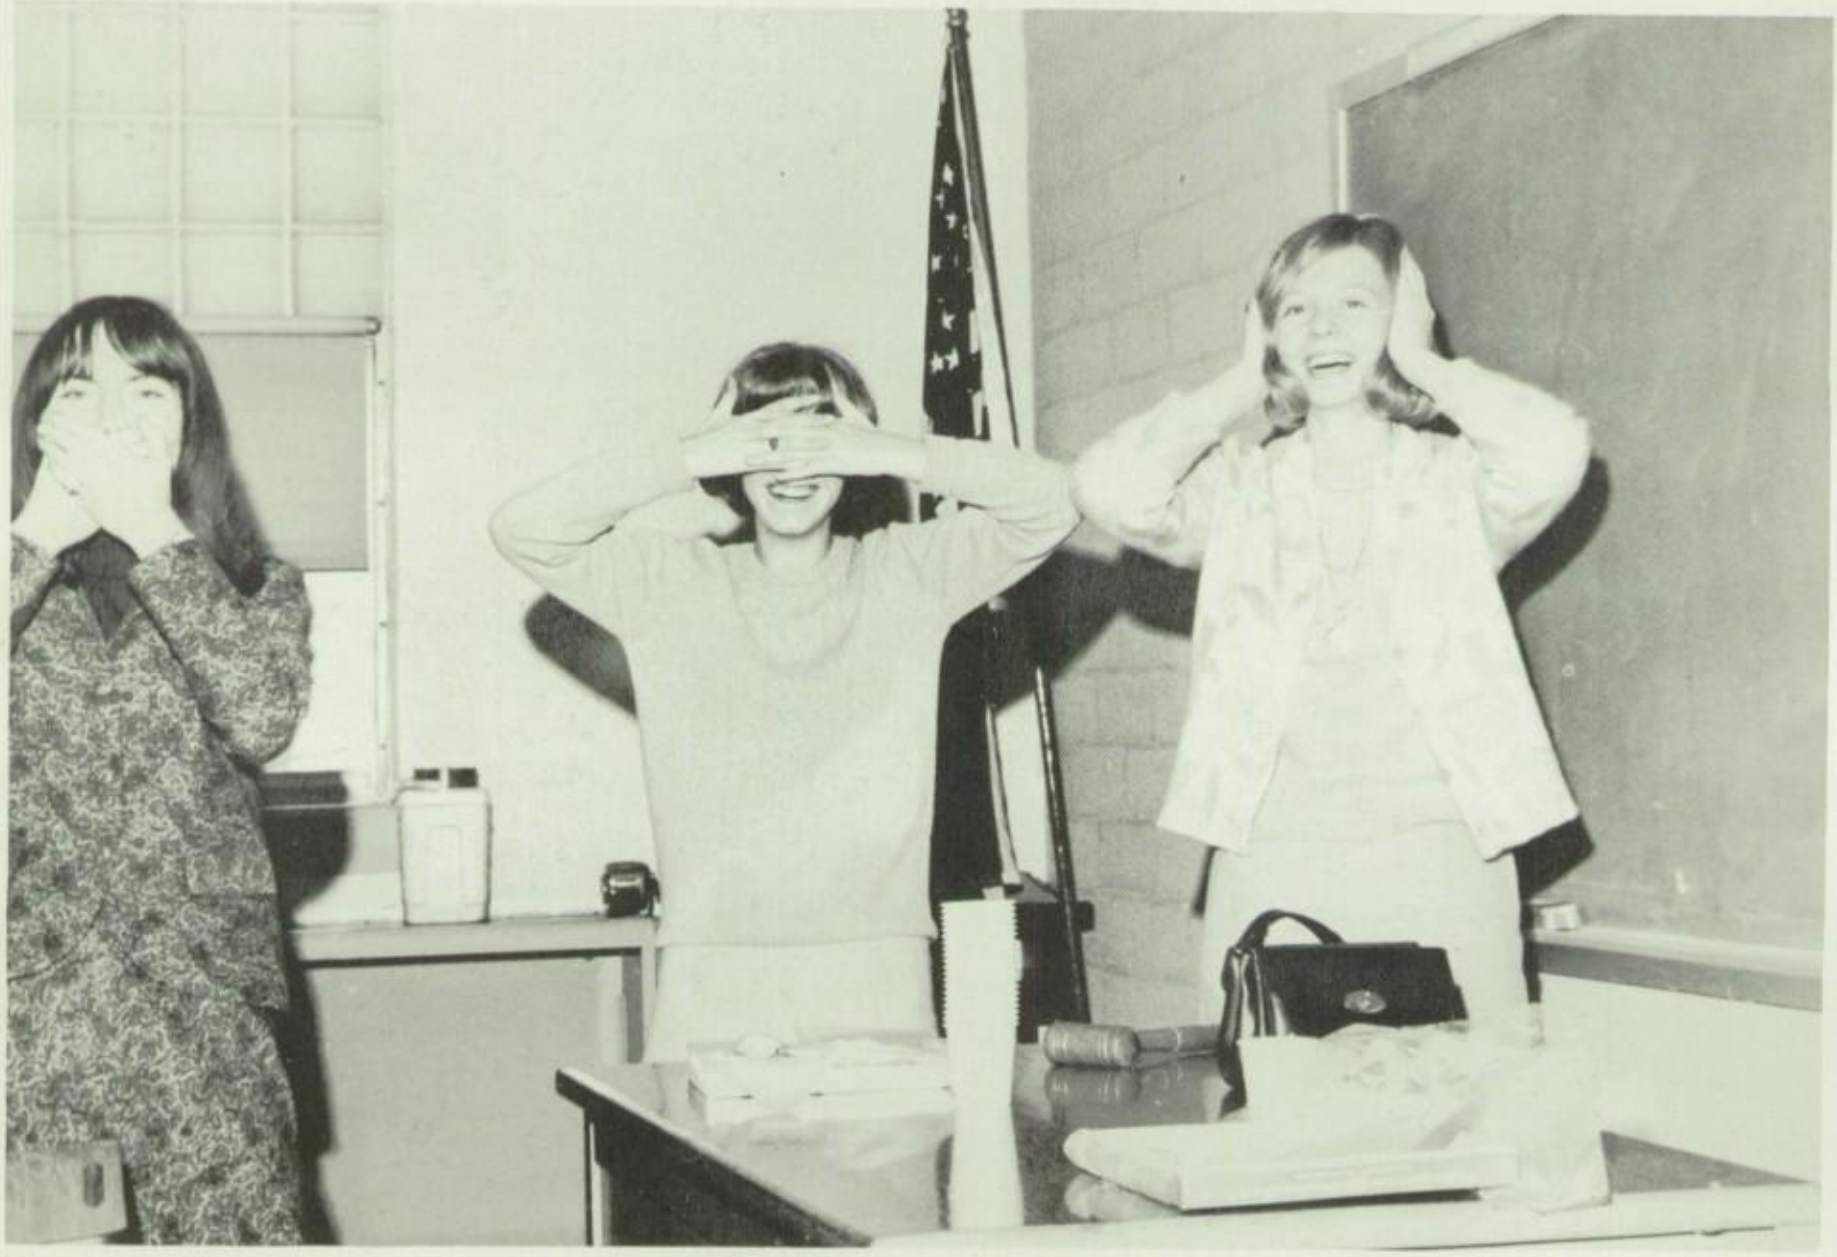
URGENT



SENIORS







The heartbeats of the masses quickened. Excitement sought out these people — loud and boisterous people, people quiet and pensive. Excitement varied in degree. There was the inner excitement of drama and speech. There were the thrills of athletic rallies and socializing. There was the mental anxiety of routine education.

Finally, there was the excitement in which only the seniors could participate. It could not definitely be termed a "happy" excitement nor one of fear or regret. It was the excitement of graduation — of moving into a restless, sometimes indifferent society.

The immediate future promises little to the security of the graduating senior, but living the future has never promised anything to anyone. Sometimes it appears that only distant dreams can be clear and real.

What does lie ahead for the seniors? Further education? Toil? Success? Failure? Love? Sorrow? Worry? Happiness?

Life lies ahead, friend, and it can be as big as the sky.

Eagles Provide An Exciting Season

Senior Class members of the football team: *Front Row*—Mike Lavelle, Phil Wells, Martin Garard, Ken Moore, Terry Donnel. *Row 2*—Greg Davis, Bob Ingram, Gary Calzone, Russ Merrihew, Ralph Snyder, John Ritzenthaler. *Row 3*—Andy Martin, Gary DeWitt, Martin Ziss, Paul Pepas, Jim Mars, Larry Kelly, Ed Cordell and Larry Hatmaker were not present when the above picture was taken.

Racing through old tires helps Marty Garard develop the speed and agility needed by every Eagle football player.

Although they suffered a few heartbreaking defeats, the Clay Eagles captured enough games by the end of the season to hold down the second place berth in league standings.

After dropping some important decisions early in the season, the Eagles bounced back to down Fostoria with only sixteen seconds remaining in the game. Although Sylvania tripped up the Eagles on the strength of a two-point conversion, and despite the fact that Stritch captured the "Bird Cage," Clay managed to defeat Waite in the "Oil Barrel" classic, to put the "Little Brown Jug" in our trophy case by dumping Whitmer, and to overwhelm previously undefeated Rogers in what many considered to be the league upset of the year.

Coach Ted Federici (who dubbed himself the coach of the year after the Eagles defeated Rogers) felt that the season was a good one, but that it would have been better if the Eagles could have "jelled" just a little sooner in the season.

"Victory, Victory" is Their Cry

Cheerleaders play an important role in the promotion of school spirit. The cheers of both the varsity and the reserve cheerleaders arouse the enthusiasm of the crowds and urge the teams on to greater efforts. Of equal importance to the teams and spectators alike is the charm, grace and color that these girls bring to the athletic events.

Live for Today

The calendar proclaims 1966-67 as a year of action. Suspended between the past and future, the junior class lives in the excitement of the present. Each day is a new experience, a new awakening to life.

Class rings, the Snowball, sports, hops, the prom, classes, and the anticipation of becoming seniors makes each day cry out to be lived to the hilt.

Being caught up in the excitement, the individual appears to be forgotten. Nothing could be farther from the truth. He is the vital element in the mapping of the future. Others may help him live his future, but only he can determine the path.

Class officers—Frank Mc Laughlan, vice-president; Janelle Oldham, secretary; Jacque Miles, treasurer; Tom Keller, president—could be found in informal meetings.

SOPHOMORES combine forces with upperclassmen

So this is where the girls are!

The sophomores received a sudden and violent shock as they left their formal junior high status and began their climb from the lowest rung of the social ladder at Clay High. Some of the sophomores entered with fear and insecurity. Some were filled with the excitement and the anticipation of their nebulous futures. They looked forward to the day when they would become juniors and finally seniors. They planned for their small share in a vast future that still stretches before them, for they know that tomorrow is theirs.

The sophomores became a part of a great organization on September 7, 1966 — a part of the ever-changing present — a part of Clay Senior High School.

An Old Irish Blessing

May the blessing of light
be on you, light without and light within.

May the blessed sunlight
shine upon you and warm your heart til it glows like a great
fire, so that the stranger may come and
warm himself at it, and also a friend.

And may the light shine
out of the eyes of you, like a candle set in the windows of
a house, bidding the wanderer to come in out of the storm.

And may the blessing of
the rain be on you — the soft sweet rain. May it fall upon
your spirit so that every talent you possess may blossom
and beam to the world.
And may the blessing of the great rains be on you;
may they beat upon your spirit and wash it fair and clean,
and leave there many a shining pool where the blue
of heaven shines, and sometimes a star.

And may the blessing of the
earth be on you — the great round earth; may you ever
have a kindly greeting for them you pass as you're going
along the roads.

And now, may your God
bless you, and bless you kindly.

This and more is wished to you from your
1967 *Crystal* staff.
